Allied Army Plunges Deeper
Into Nazi Winter Defense
Line In Italy

REPORT GERMAN MASS LARGE FORCES

By PIERRE J. HUSS
(U. S. Staff Correspondent)
ALGIERS, Nov. 11.—The Allied Fifth Army in Italy plunged deeper into outer fortifications of the Nazi winter defense line today and seized several important heights.

Advanced elements of the British Eighth Army in the east meanwhile pushed forward to the Sangro river. (Radio Algiers reported that the Fifth Army drive northward between the half-frozen Venafro and the Arunci mountains had resulted in encirclement of Cassino, 10 miles northwest of Calabritto.

Mass Large Forces
(The free Italian radio at Bari said Allied reconnaissance show the Germans were "massing large forces all along the Tyrrhenian side of the Apennines, especially around Cassino, to prepare the line of defense in this sector.")

Aerial action was widespread and Allied bombers secured some distance from the battlefront to bomb the half-frozen Venafro and the Arunci mountains, southwest of Turin, for the second consecutive time and hit the Albanian port of Durazzo from the air for a third time.

The Eighth Army captured Casagrande, Roccasecca and Ronero. American forces of the Fifth Army stormed and captured Rotondo mountain, one and one-half miles west of Mignano. The latter base still remained in enemy hands.

A mile and one-half southwest of Mignano the Americans drove the Nazis off the southeastern slopes of important heights.

Capture Towns
Other units of the Fifth captured Colli and Montaquila, two miles south of Colli.

PA NEW OBSERVES

First noticeable snowstorm of the season struck this area during the night, enough snow falling to make travel slow up on some of the highways.

Through the courtesy of a local friend, the World War One Memorial on the Diamond bears a handsome floral wreath today, Pa. New notes.

With a light snowfall but yet sufficient in the rural district to rack rabbits many hunters who had not previously ventured into the hinterlands today were seen enroute with dog and gun hopeful of catching down a bunny.

With a full moon and a light fall of snow, last night was beautiful. Those who like to hike found it a night when it was not necessary to use a flashlight or lantern to pick out holes in the turf.

Albert Hoyland, finance director for the city, presided as mayor court judge today in place of Mayor Charles B. Mayne who was away from city hall, no doubt having fared forth with gun to hunt small game.

City hall today was as quiet as mouse the employees having been granted the day off, it being Armistice day. However, police, firemen and some street employees worked as usual.

Christmas has already begun for a lot of boys overseas, at least as far as getting their Christmas packages from home. For a number have not only gotten them but have written back to the senders that they have arrived, some as long as three weeks ago. The chutes for Christmas mail to men overseas must be as slick as a ski jump.

Roosevelt, Churchill, And Stalin May Meet Shortly

By KINGSBURY SMITH
(U. S. Staff Correspondent)
WASHINGTON, Nov. 11.—There was a growing belief in diplomatic circles in Washington today that the long-awaited historic meeting between President Roosevelt, British Prime Minister Winston Churchill and Soviet Premier Joseph Stalin will soon take place.

Diplomatic observers recalled that Churchill told the British House of Commons on September 21 last that there was "confident hope" of such a meeting before the end of this year.

The success of the Moscow conference is now believed to have paved the way for an early meeting between the "big three" leaders of the United Nations.

Will Be Secret
It is considered highly probable that should the meeting take place in the near future, no official mention of it would be made until the leading participants had returned to their respective capitals. Security reasons likewise would rule out any mention of the departure of military and naval experts for such a conference.

Censorship regulations also would (Continued On Page Two)

Believe Brenner Pass Is Blocked

German Railway Bottleneck
Through Pass Heavily
Bombed By Yanks

By GRAHAM HOVEY
(U. S. Staff Correspondent)
ALGIERS, Nov. 11.—The German railway bottleneck through the Brenner Pass into Austria and the Reich from Northern Italy was believed completely blocked today as a result of a new heavy raid by the American Flying Fortresses on the Bolzano rail yards.

The raid by the four-motored craft of the United States 15th air force was carried out in conjunction with a night assault by British heavy bombers on the rail yards at Modane, southeastern France, vital enemy route to Western Europe from Northern Italy.

The Fortresses which bombed Bolzano covered the entire target area with heavy bursts. The bombs wrecked the rail approaches, sheds, cars and rolling stock. Austria was cut and numerous bridges in the area were damaged.

Another Halt In Mining Is Staged In District Mines

PITTSBURGH, Nov. 11.—(INS)—Thousands of Western Pennsylvania coal miners staged a holiday work stoppage today, protesting the government's failure to grant an overtime rate for Armistice day operations.

The miners demanded time and a half pay. At least 21 pits were reported idle, involving more than 10,500 men.

The federal order against overtime wages was issued by the office of Fuel Administrator Harold Ickes, and was based on a White House ruling made when the government had seized the mines.

Some operators doubted that full operations could be resumed before Monday, if the miners decide to make it a full week-end layoff.

Warns Against Wage Increases

WASHINGTON, Nov. 11.—(INS)—Administration wage and price control experts sought to stem the labor revolt against present pay ceilings today with a warning that "kidding themselves" in trying to improve their position through higher wages.

War Labor Board Chairman William H. Davis declared that "high-level wage earners in war industry cannot get an improvement in their 'real' wage."

"If you give them a wage increase, prices will go up faster," he said. "You will simply be starting the spiral all over again and kidding the man you give the wages to."

At the same time, John D. Humphrey, OPA price research expert, warned that a general breakthrough in the government's wage stabilization program will result in a 15 per cent increase in the cost of living within six months.

JAP EMPEROR MAKES APPEAL

NEW YORK, Nov. 11.—(INS)—Emperor Hirohito after conferring with Admiral Mineichi Koga, commander of the Jap fleet, today appealed for "further" efforts by his naval forces because of "increased intensity" of the war in the Solomons.

The appeal, broadcast by the Tokyo radio and reported by the OWI, came after Hirohito praised the Jap naval forces for "tremendous damages" allegedly inflicted on the Allied fleet. The claim of "damages" is in marked contrast to usual enemy boasts of "sinkings."

REPORT GERMANS SCUTTLE SHIPS IN LEGHORN HARBOR
ALGIERS, Nov. 11.—(INS)—Aerial observation revealed today that the Germans are scuttling ships in the Harbor of Leghorn, 180 miles northwest of Rome, and Pescara Harbor on the Adriatic coast.

Quays in both ports also are being demolished, Allied airmen said.

By NATALIA RENE
(U. S. Staff Correspondent)
MOSCOW, Nov. 11.—Strong Russian drives west of Kiev steadily approached the last important north-south railway east of the Polish border today and other Red army forces strengthened their positions in the Crimea.

Fanning out to the northwest, west and southwest of recently liberated Kiev, on the Dnieper river banks, Soviet troops captured two important district centers and some 60 other towns to drive to within 32 miles of the Korosten-Zhitomir railroad.

After storming across the Teteriv river, Red army soldiers seized Ivankov, 43 miles northwest of the Ukrainian capital. They then continued their offensive, in one sector routing some 500 of the enemy and capturing large supplies of artillery, armored units and vital supplies.

The retreating Germans, however, blew up 19 of their own tanks and destroyed eight self-propelled guns. Another district center, Grebenki, (Continued On Page Two)

South Pacific Hero Now Home

Technical Sergt. Theodore
Adamczyk On 195 Missions
Against Japanese

Technical Sgt. Theodore "Ted" Adamczyk, son of Mr. and Mrs. John Adamczyk, of Tempelton avenue, here of many thrilling exploits in the South Pacific area, is back home on furlough with a chestful of decorations attesting to the valiant service he has been rendering against the Japs.

Sgt. Adamczyk has been overseas for 22 months, and has been stationed in New Guinea and Australia with the 22nd Troop Carrier Squadron. During this time, he has been on 195 missions over enemy held territory, and when the invasion of New Guinea opened, made a great many flights over the Owen Stanley Mountains, carrying troops and supplies to the men in the jungles.

He has been awarded the Silver Star for gallantry in action, has been decorated twice with the Distinguished Flying Cross, with an oak leaf cluster, twice with the Air Medal and oak leaf clusters, the Good Conduct Medal, and his unit has been commended three times by President Roosevelt, each carrying with it an oak leaf cluster.

In addition to the battles over New Guinea, he also saw plenty of action around Java and Borneo, and was wounded over the latter place, which resulted in his spending six months in a hospital in Australia.

Sgt. Adamczyk is 23 years of age. He enlisted in the U. S. Air Corps in October, 1939, having over four years of service. He is a graduate of Shenango township high school. Contrary to the usual custom, Sgt. Adamczyk did not fly home, but made the return trip to the United States by boat, the trip requiring 17 days. He will be home for 15 days, after which he will be stationed at an airfield in Indiana.

ARMISTICE DAY BOMBING RAIDS

LONDON, Nov. 11.—(INS)—Allied bombers and fighters streamed out over the English coast today to pound enemy-held Europe on the 25th anniversary of the collapse of Germany in World war one.

The raids, which were carried out in force according to observers in coastal towns, came close on the heels of a blistering night attack by RAF heavy bombers on the railway center of Modane on the Franco-Italian frontier.

PARKING RULES GIVEN FOR TONIGHT

Chief of Police Willis G. McMullen today issued parking rules for tonight's Armistice parade and which will be effective between 6 p. m. and 9 p. m.
The order prohibits parking in Washington street between Chestnut and Beaver streets and also on North Jefferson street between the Public Square and Grant street during that period.

First Wintry Blasts Are Felt

New Castle and Lawrence county residents got their first preview of the 1943-44 winter when the tail-end of the blizzards which swept across mid-western states two days ago blew itself out here with a half inch of snow.

The temperature got down only a few degrees below the freezing point, however. The winter season was ushered in just a year to the day that it came in last year, the first snow of the fall occurring on Armistice day last year.

Modane Target Of Bomber Raid During Night

Second Raid Made On Rail-
way Center Near Tunnel
To Alps

NORTHERN FRANCE
IS ALSO BOMBED

By LEO V. DOLAN
(U. S. Staff Correspondent)
LONDON, Nov. 11.—Heavy bombers of the Royal Air Force bombed the railway center of Modane on the Franco-Italian frontier in strength last night, the air ministry announced today.

All of the bombers returned to base following the operation. The bombing of Modane, in Savoy Province a few miles from the Italian frontier, was the second assault made by the R. A. F. on many for the seventh consecutive night. Two communications point linking occupied France with Northern Italy.

Near Alps Tunnel
The Modane railway yards lie only a short distance from the north of the rail tunnel leading through the Alps into Italy.

The Mount Cenis tunnel through the Alps provides the Germans with their only means of access beyond the Riviera to Northern Italy short of their Brenner Pass.

First reports indicate the attack on Modane was well concentrated. Mosquito bombers simultaneously blasted objectives in Western Germany for the seventh consecutive night. Mines also were laid in enemy waters.

Hit Northern France
Closer to Britain, aircraft of the fighter command carried out intruder patrols over Northern France, bombing Nazi airfields and German shipping off the French coast. Two fighters were lost in the operations.

The raid was the first by R. A. F. heavyweights since the night of Nov. 3 when 2,000 tons of bombs were dropped on Dusseldorf, Germany.

The rail route through Mount Cenis tunnel is one of only two railway links between Italy and France. This tunnel is one of the longest in the world, stretching a distance of seven and one half miles.

The first raid on Modane was carried out on Sept. 16 at which time "very considerable damage" was inflicted. The Germans and had been making strenuous efforts to reopen the tunnel, knocked out of action since the last assault.

NEW OFFENSIVE MOVES ON JAPS PROMISED SOON

PEARL HARBOR, Nov. 11.—(INS)—Admiral Chester W. Nimitz, commander-in-chief of the United States Pacific fleet, served notice on the Japanese today that new offensive operations will be launched by Americans in the immediate future.

The United States, declared the admiral, now possesses "the means to make an offensive and blast the Jap out of his island stronghold."

Admiral Nimitz said that at the opportune time the assaults would be launched "in a most direct manner."

"When that time comes," he continued, "the leathernecks will be in the thick of the fray."

He re-emphasized that the task would be difficult since it is necessary to traverse huge expanses of sea to reach even the outer ring of the Japanese defensive system.

LIEUT. RUDY VALLEE TO MARRY NEXT MONTH

HOLLYWOOD, Nov. 11.—(INS)—A military wedding with all the trimmings was in store today for Lt. Rudy Vallee of the Coast Guard and Betty Jane Greer.

The date set and the ceremony will take place either in Los Angeles or Long Beach. The couple announced their engagement last August.

Dedicate Honor Roll At Plant New Agreement Is Announced

Armistice Day Ceremony At
Johnson Bronze Company
—Judge Lamoree Speaks

Four hundred twenty-five employees of the Johnson Bronze company were honored today in a service on South Mill street that was brief but had point and meaning. An honor roll containing the names of the 425 employees now in service was dedicated with Judge John G. Lamoree making the dedicatory address.

"The dedication of this honor roll does not end our obligation to these men and women," said Judge Lamoree. "They are offering their all in the cause of freedom. You and I are asked to supply them with the tools for the job. They will not fail if we do not and the time is here for you and I to re-dedicate ourselves to the high task of keeping these men and women equipped that the battle of freedom may be won."

President Leads In Tributes On Armistice Day

Wreath Laid On Tomb Of Un-
known Soldier At Arlington
National Cemetery

By EARLE MARCKRES
(U. S. Staff Correspondent)
WASHINGTON, Nov. 11.—(INS)—Dedicated to a durable peace, President Roosevelt led a war-sorrowed nation today in paying tribute on the 25th anniversary of the first armistice to the gallant men who died in World War I.

Official Washington forewent its customary holiday. Like the rest of the nation, government agencies and departments strove to keep pace with the war needs of American fighting men gripped in their second death struggle within a quarter of a century.

Mindful of an ever-increasing toll of American lives in the second World War, government officials, led by President Roosevelt, solemnly reaffirmed their faith in a just and lasting peace to prevent the recurrence of another world conflict.

In traditional ceremonies at historic Arlington National Cemetery, the president laid a wreath this morning at the tomb of the unknown soldier.

Other services listed for Armistice Day included tribute to Woodrow Wilson at the late president's tomb in Washington Cathedral this afternoon.

Truck Skids Through Viaduct Guard Rail

When an empty Pearson Brick Co. truck skidded on the west end of the Mahoning avenue viaduct this morning it crashed through the guard rail and balanced, without falling off the viaduct, according to city police. Earl Stanley was the driver. A wrecker removed the truck and the police roped off the section damaged by the truck. Last night's snowfall had made the cart-way slippery.

ALSO FREQUENT

By FRANK ROBERTSON
(U. S. Staff Correspondent)
ALLIED HEADQUARTERS In The Southwest Pacific, Nov. 11.—Strong formations of troops of the United States Army were in action today alongside the original invasion force of American Marines in the mounting battle for the large island of Bougainville in the northern Solomons.

A brief message from headquarters of Admiral William F. Halsey in the South Pacific to headquarters of Gen. Douglas MacArthur said the doughboys had landed in strength Monday to reinforce the embattled marines.

First reports of the new landings said the troops were put ashore without the loss of a man.

Marines Engage Japs
The marines, meanwhile engaged the Japs in stiff clashes on the west flank of the Empress Augusta bay battle area into which the enemy moved reinforcements to counter the American assault.

In one bitter fight the marines defeated the Japs and killed approximately 150 Japanese troops. Medium bombers and fighters under Admiral Halsey's command maintained stunning assault over the fighting sectors and behind the lines in support of the ground troops. A number of barges from which an estimated 600 Jap reinforcements were landed were destroyed on the beach in the vicinity of the Laruma river mouth.

The Japanese sent a force of 20 dive-bombers escorted by 40 fighters (Continued On Page Two)

GUADALCANAL, Nov. 11.—I have just returned from Bougainville where we landed many army troops last Monday without a single casualty.

I was on one of the destroyers escorting the transports. The following is my personal diary for the period of the landing.

November 8 4:25 a. m. Our planes set barges afire near the mouth of the Laruma river where 600 royal Japanese marines landed from the barges under the cover of darkness last night. Learned our Marines killed 145 Japs in the first clash.

7:55 a. m. Our convoy is standing off Puerta Island.

8:20 a. m. Our planes are dive bombing Jap positions.

8:26 a. m. Our planes are spotting for artillery which is accurately shelling the Japs. We can see the shells exploding among them.

8:30 a. m. Our Corsairs are strafing the Japs from tree-top height. The transports are unloading troops and supplies.

10:00 a. m. Our planes are dive bombing around the Juba river mouth.

They said it was peace on that morning, a world wide peace for all men, that wasn't so long ago it seems, but now they are at it again. But the guns were silenced a little while and the rattle of musketry ceased, just twenty-five years ago we were told, that war had made way for peace. But the roar of the guns again is heard, and the whirr of the bomb and the plane, and we look for another dancing of peace, but thus far we have looked in vain. But the peace will come and the guns will cease, but only when victory is won, and this time we hope it will be for good, the weather is forty-one.

DECLARES WAR NOT NEAR END

Americans Will Make Great Mistake In Such Belief Says I.N.S. Head

By BARRY FARIS INS Editor in Chief

LONDON, Nov. 11.—The greatest mistake Americans could make to-day is to believe the war is near its end.

The hardest fighting still is ahead and every ounce of pressure that can be brought against the enemy is necessary now more than ever.

The Germans are fighting with the desperation of cornered rats and I saw first-hand evidence in Italy of just how tough and ruthless is our foe.

They are masters of delaying tactics and rearguard defensive actions. As one buck private in the front line said:

"Why shouldn't they be? That's all they're doing now."

Building Up Strength At the moment, although the Russian armies are rolling them back, the Germans are building up their strength in the west. It is no secret now that the Germans have greatly strengthened their air fighter force throughout France and the low countries, fearing that the allies are preparing to administer the death blow.

It has been definitely established that despite their serious situation on the eastern front, the Germans have weakened their fighter strength in order to build up forces to meet the invasion of western Europe which they feel is coming soon.

The tremendous weight of America's great production facilities is becoming more evident in the European theater of operations, and each day is showing increased results.

If the workmen in the United States could understand how vitally necessary it is that this flow be maintained to its fullest extent without the slightest interruption the effort of every American man, woman and child would be redoubled.

RETURN TO WORK DETROIT, Nov. 11.—(INS)—Threatened curtailment of production and forced idleness of 40,000 workers at the Ford Willow Run bomber plant ended today when all day-shift workers of 1,217 striking UAW-CIO employees returned to their jobs under a management-union "armistice."

Richard T. Leonard, international director for the UAW-CIO, announced that 849 employees reported for work this morning.

AUXILIARY MEETING The ladies' auxiliary of the Earl J. Watt Post, American Legion, met Monday evening in the Legion Home with mothers, wives and sisters of the men in service as special guests.

The meeting opened with "The Flag Tribute," given by Mrs. Harry Reed. "Salute to the Flag" was given by Mrs. John Seitzer.

Rehabilitation committee is planning Christmas work for veterans in hospitals with Mrs. Jennie Ruehle and Mrs. Hazel Hinson in charge.

Mrs. Harriett Lusk, chairlady of child welfare, reported the committee is still collecting worn clothing, in good condition, and also hankies for babies, which will be sent to the department supply shelf for needy children.

Mrs. Sara Belle Gibson and Mrs. Beth Martin had on display some finished products of knitting and sewing that are being done for the Red Cross.

Junior Chairlady Mrs. E. J. Ball reported that the junior auxiliary girls are dressing dolls to be sent to the small girls in the orphan school, Scotland. These dolls will be on display at the Christmas meeting.

Mrs. Florence Kanengeiser, in charge of the Pilgrim program, introduced Mrs. Wilbur Miller, who gave an interesting talk on the "Pilgrim Fathers."

Piano solo was given by Mary Helen Kinney.

"The Work and Principles of the Auxiliary" was then discussed by the unit president, Mrs. Helen Kinney.

Mrs. Harry Reed, Mrs. Howard Butler, Mrs. Edward Bradley and Mrs. John Mack were the committee serving refreshments.

The next meeting will be held at 8 o'clock Monday evening, December 13, at which time a tureen dinner and the annual Christmas party will be held.

POSSIBLE MILK RATIONING SEEN

By ERWIN D. SIAS (I. N. S. Staff Correspondent)

WASHINGTON, Nov. 10.—Civilians were a step closer to possible milk rationing today as the department of agriculture revealed sharp declines in production during October.

With many farm authorities predicting that milk rationing is "inevitable" due to increased labor and feed problems, the department said that milk production last month "declined much more rapidly than usual."

Consumers received 529 million pounds less milk in October than they had in the previous month, department figures disclosed. At the same time, it was pointed out that seasonal declines in milk production will continue as winter approaches.

"As farmers enter the winter feeding season," the department declared, "many complaints are being heard about inability to obtain concentrates and high protein feeds across the country."

plentiful supply of labor for milking during the rush of the fall harvest season.

In all major milk producing areas the percentage of milk cows reported in production on Nov. 1 was the smallest in nine years and for the country as a whole was the lowest average for that date since 1905.

While milk cow numbers continue above a year ago, production has fallen in recent months has been running from four to five per cent below last year.

The nation's pastures also are below normal, causing further trouble for dairymen in their efforts to meet the heavy civilian demand for milk and milk products.

and several other inhabited localities fell before the steadily advancing Russian forces in the operation beyond the third city of Russia. The Soviet midnight communiqué said that about 2,000 of the enemy were killed here, and prisoners and large military stores were captured.

Grebenki is the southernmost end of the wide arc carved out of the German positions by the advancing Red army. It lies 44 miles south of Kiev and only 12 miles from the important railway town of Belaya Tserkov.

Nearest point to the Zhitomir-Korosten rail line to be taken was Rayevka.

Nazis Retreat (The Berlin radio was heard by Reuters' admit that the Nazi forces were retreating in this sector. Capt. Ludwig Sertorius, official enemy commentator, said that under pressure of weighty Soviet attacks the "Germans disengaged somewhat Tuesday along both sides of the Kiev-Korosten road, west of Markov."

In the Crimea, Russian forces improved their positions on the Kerch peninsula. Northeast of Kerch they attacked the enemy and after "fierce fighting" occupied a strongly fortified position of the Germans. Here the Red army killed hundreds and captured booty and prisoners.

Meanwhile, south of the town of Kerch, the Nazis sought desperately to impede further landings of Russian reinforcements for beachheads on the banks of the Kerch Straits, apparently without success.

Deaths of the Day

Clyde B. Furlong, aged 36 years, of 315 Sycamore street, died in the New Castle hospital Wednesday evening at 8:45 o'clock, following a short illness.

Mr. Furlong was born in Mahoning township, Armstrong county, September 1, 1907, son of Boyd and Sara Shira Furlong. For the past 19 years he resided in New Castle, where he was a auto body repair man by occupation. He has been married to Mrs. Delores Collingwood Furlong for 16 years. The deceased was a member of the Baptist church.

Surviving is his wife, and three children: Donald, Joan and Jacqueline. He leaves the following brothers and sisters: Mrs. Ruby O'Laughlin, Mrs. Fanny Shirey and Vera Furlong, this city; Mrs. Genevieve Lutes of Tarentum, Pa., and second class petty officer, Otha Furlong, stationed in Ireland.

The body is at the Ritchie funeral home, South Mill street, where the family will meet friends this evening 7 to 9 o'clock, and on Friday, 2 to 4 and 7 to 9 o'clock.

Funeral services will be conducted Saturday afternoon at 2:30 o'clock from the funeral home, Rev. C. R. Thayer in charge.

Interment will be in Savannah cemetery.

Jones Funeral Services for Charles Jones, of State street, were conducted Wednesday afternoon at 2:30 o'clock from the Second Baptist church, Rev. U. S. Munnerlyn in charge. He was assisted by Rev. P. H. Wallace, of Rochester, Pa., and Rev. C. L. Alexander.

Appropriate music was provided by the choir, and Mrs. Naomi Munnerlyn sang a solo.

Pallbearers were: W. M. Weeks, William Pack, S. B. Branch, M. P. Mann, B. B. Richerson, and O. W. Taylor.

Interment was in Greenwood cemetery.

Roth Funeral Services Funeral services for the late Andrew Roth, 1228 Cascade street, were conducted Wednesday afternoon from the Ritchie funeral home, South Mill street. Rev. Louis G. Golder was in charge.

On Tuesday evening the male chorus of the Eintracht Singing society, of which the deceased was a member, sang two selections.

Pallbearers were: George Kappis, Fred Andrews, John Ponsch, Paul Roth, John Miller and Martin Schlager.

Interment was in Greenwood cemetery.

HEIGHTS TAKEN BY FIFTH ARMY IN NEW ADVANCE

(Continued From Page One)

Army's maneuvers to gain a springboard from which to attack the new Nazi winter line, the Germans carried out numerous new small counterattacks and apparently were massing for a further major assault.

Further forward thrusts into surrounding heights consolidated the Fifth Army position. The troops moved ahead despite bad weather and the stiffest opposition to score limited advances ranging between one and a half to two miles.

The Eighth also defied bad weather, including snowfall in high mountain areas, to close in on the east banks of the Sangro in the Adriatic sector. Enemy resistance however, was light. They seized the three towns of Casalanguida, Roccascura and Ronero. The widest advance was made in the five-mile spur into Ronero which the Germans previously had laid waste.

Headquarters announced a naval action in which British destroyers, operating south of Valona, engaged a ferry laden with gasoline, set it afire and sank it. Of three escorting motor launches, only one escaped.

LEGION OF MERIT FOR 50 VOLUNTEERS

WASHINGTON, Nov. 11.—(INS)—The War department announced the award today of the Legion of Merit to 50 enlisted men who staked their health and possibly their lives in the jungles of New Guinea to demonstrate the danger of malaria without preventive treatment.

The men volunteered to expose themselves to malarial infection for a period of six weeks. No steps were taken to ward off the potentially deadly attack of the Anopheles mosquito, and an undisclosed number contracted the disease. These got prompt treatment after they became victims.

The action recalls the volunteers who played a part in the conquest of yellow fever in Cuba in 1900-1901. This group was under Maj. Walter Reed for whom the general hospital in Washington was named.

Bomber cameras are synchronized with bomb release mechanisms so that the bombs can be photographed at every stage of their flight, and by means of a flash bomb the target is illuminated at the precise moment when they strike.

WIMODAUSIS CLUB

LUNCHEON PROGRAM

Wimodausis club members met in the dining room of the Scottish Rite Cathedral Wednesday afternoon for their monthly luncheon and program. Hostesses included Mrs. Harry Pearce, Mrs. Daniel Maddocks, Mrs. J. C. Streib, Mrs. Henry McFeaters, Mrs. Walter Gilmore and Mrs. Arch Foster.

After serving one hundred guests at prettily arranged tables, the group was entertained in the East Lodge room, with Mrs. William Strittmatter, in charge. She presented Mrs. David Reese who in turn introduced Miss Lena Malizia, vocal soloist who delighted with several numbers. Included in her numbers were "A Spirit Flower" by Campbell Tipton; "When I Have Sung My Song" by Ernest Charles and "The Sleigh" by Richard Kountz. Miss Helen Ewing was accompanist.

Business was brief, with plans being discussed for the December session.

G. A. M. E. Club

Tuesday evening, G. A. M. E. club members met with Mrs. Norman Shaffer, South Walnut street. In the contest period, Mrs. LeRoy Ward, Mrs. Shaffer and Mrs. Frank Dute carried off the prizes.

November 16 the club will meet with Mrs. Frank Dute, East street.

ARMISTICE DAY DANCE AT JAMESON NURSES HOME

Nurses Cadets of Jameson Memorial hospital entertained at an "Armistice Day Dance" in the cleverly decorated Nurses Home Wednesday evening. Special guests included sixty-seven of the Naval Cadets of Westminster College and a number of the faculty who acted as chaperones. Upwards of 120 participated.

After finding partners by means of red and blue strings, the engaged orchestra opened the program of music. A Paul Jones number, a grand march and other features kept things lively. Refreshments were served throughout the evening.

Miss Nancy Hoffman was general chairman in charge of the event. Miss Jean Kim was chairman of decorations, and for entertainment leaders throughout the evening were Louise Thompson and Marguerite Kerr. Miss Sarah Thompson, social director of the Nurses Home, cooperated with all groups in making the evening such a complete success.

Miss Della Glenn, Hamilton apartments, entertained East Side Garden club members in her home Wednesday afternoon. Special speaker was Miss Mary Martin, who pleased with her informative and illustrated talk on "Chrysanthemums."

Mrs. C. R. Brenner gave a talk on "Tree Worship" afterwards. Mrs. E. L. Davenport contributed an address on "The Use of Mahogany and Teakwood Trees".

Mrs. J. Albert Wilson gave the origin of the poem "Woodman Spare That Tree".

The postponed "County Fair" for members ensued. Many articles baked goods and candy were displayed with Mrs. George Ward as the auctioneer. Ribbon prizes were awarded the winners.

Special guests were Mrs. Jennie Shaffer, Mrs. David Ritchie and Miss Gertrude Dietterle.

Aides in serving luncheon at 1 o'clock included Mrs. Kelly, Mrs. Martin and Mrs. Richards.

Club members are sponsoring an essay contest on the subject "What Is Expected of Me in the Garden School Show." Students of Oak street, Rose avenue and Thaddeus Stevens schools will compete.

Wednesday, December 8, the club will meet for a Christmastide gift exchange in the home of Mrs. J. Albert Wilson, Morton street.

FAREWELL DINNER FOR BLAINE FARVER

Mr. and Mrs. Blaine Farver were guests at a dinner party given in the home of Mrs. H. L. Saiter and family on Tuesday evening. The event honored the former, who leaves November 18 for the U. S. Coast Guard.

Miss Sarah Thompson was a special guest of the occasion. After serving of dinner a group of ten additional couples "dropped in" surprise fashion and joined in the informal program. Accompanying them as special visitors were Susan G. Pitzer, Masters James Paden and Keith Kennedy.

A handsome gift from the assemblage was presented to Mr. Farver. The hostess was aided by Mrs. Alfred Hyde, Mrs. William Gebhart and Mrs. Forbie Pitzer, Jr.

DINNER PARTY FOR 1934 CLUB MEMBERS

Members of the 1934 club were entertained at a dinner party Wednesday evening in the home of Mr. and Mrs. Willard Belknap, Meyer avenue.

In cards that followed, Mr. and Mrs. Ed. Pritchard and Mr. and Mrs. Arthur Keefer won the prizes.

Special guests were Mrs. Charles F. Billingham and Mrs. William Schneider and daughter Carole Ann of Lebanon, Pa., the house guests of Mr. and Mrs. C. C. Andrews.

Lunch before departing was a later pleasure. Wednesday, November 24, Mr. and Mrs. C. C. Andrews of Garfield avenue, will entertain.

MISS NANCY BALL IS HONORED AT SHOWER

Miss Betty Drio and Mrs. Richard Louer entertained jointly in the home of the former on North Mercer street, Wednesday evening, to honor a bride-elect. Honoree was Miss Nancy Ball, daughter of Mr. and Mrs. Frank Ball, of Pittsburgh, who will marry Joe McClure, an instructor at the New Castle airport.

Informal pastimes were entered into, and lunch was served later at small tables, each centered with a miniature cake telling the date "Nancy-Joe, Nov. 25". The bride-to-be's table featured a small archway shielding a miniature bride and groom.

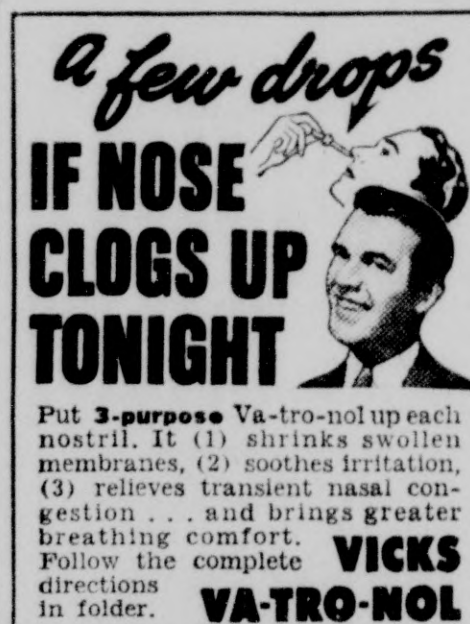

Miss Ball was presented with a shower of miscellaneous gifts.

Farewell Hankie Shower
Mrs. Albert Grossman entertained informally in honor of her mother, Mrs. Harry Cochran, at a hankie shower Wednesday evening. The occasion took place in the former home on Wilmington avenue, and the honoree was presented with a shower of dainty hankies as farewell mementos. Mrs. Cochran and daughter Rosemary, will leave shortly for Arizona.

Lunch was served, aides including Mrs. A. Meyer, Mrs. Ralph Carroll and Mrs. John Carroll.

P. H. C. Dinner Cancelled

AVIATION NEEDS TO BE SURVEYED

Postwar Situation To Be Subject Of Series Of Conferences In State

By JOHN PAGET
(N. S. Staff Correspondent)
HARRISBURG, Nov. 11. — The Pennsylvania aeronautics commission announced plans today for the inauguration of eight regional conferences to survey the state's aviation needs prior to postwar aviation needs, for consideration by the 1945 general assembly.

The commission said the initial meeting will be held at Bethlehem November 16 with more than 400 officials from Eastern Pennsylvania. Gov. Edward Martin, who recommended the program, will attend the conference. The commission has not definitely selected other cities for meetings but indications were they would include Pittsburgh, Scranton, Erie and Harrisburg.

Preliminary reports by the commission outlined a skeleton network of 83 airports, including 70 new fields throughout the state. "I cannot emphasize too strongly the importance of this conference to the Eastern Pennsylvania area and to our entire state for it is inseparably associated with our industrial future," said Secretary of Commerce Floyd Chalfant. "Pennsylvania's high place as a producer of airplanes and parts must be maintained and expanded and this applies with like force to our transportation system."

THE WORLD AND THE MUD PUDDLES

(Continued From Page Four)

gan by destroying millions of pigs and cattle, and plowing under thousands of acres of crops, paying hundreds of millions of dollars to farmers for letting their land lie idle.

Their philosophy led the people to believe that they were serving the general welfare when they spent every dollar they made, pointing the finger of scorn at those who believed every citizen should save part of his earnings. The man with a bank account was classed an economic royalist; the man who lived on public bounty as the nation's No. 1 citizen.

Senator O'Daniel reminds us that we are building up a staggering public debt and proceeds to warn us that unless the shackles, restrictions and strangling regulations are removed, and business given a free rein to expand and flourish, the repayments of the debt will not only drive business out of existence, but it will force the govern-

ment to take over, with free enterprise forever doomed. This, according to Senator O'Daniel, is precisely what is being planned by the New Deal and its international associates.

The greatest needs of this nation today, concludes Senator O'Daniel, is a thorough house-cleaning in Washington.

But just to show that there is something to talk about—and this does not include the all-important loss of life in war—this country already has authorized for appropriation the sum of sixty billion dollars for lend-lease alone. This is money for our Allies to be spent by them all over the world. It is not what we are spending at home.

United States Senator Robert R. Reynolds (Democrat) of North Carolina, told the Senate recently. The American national debt will be equal to the combined public debt of the rest of the world by the end of next year if the present rate of spending is maintained, and we will become one of the "have not" nations.

Compared to England, which seems to enjoy belittling American statesmen, and the part America is taking in this war, the per capita debt in England is one hundred sixty-four dollars. In the United States it is nine hundred thirty-five dollars and still growing.

If the bears in the northern part of the state read the New Castle News, this is a warning to them. Stay at home for the next week or ten days. County Controller-elect Andrew W. Dodds, County Detective Charles D. Ross, Deputy County Treasurer Don Neal and Deputy

Sheriff Thomas O'Brien are going bear hunting Monday morning. The work is being divided. Neal is to hunt for the bear, Dodds is to carry the lunch, O'Brien is to shoot it and Ross tells the story when they get home.

Some Production Drops In State

HARRISBURG, Nov. 11.—(INS)—The State Department of Agriculture reported today that milk, corn, tobacco, apple and pear production dropped during October, while egg yields showed a 12 per cent increase.

The total of 151 million eggs produced last month registered a new high for October output, the department said. However, an eight per cent drop in milk production was the greatest reported for any month this year. Production of all feed grains except buckwheat decreased.

Corn dropped approximately 5-6,000,000 bushels, tobacco 2,400,000 pounds, apples 650,000 bushels, pears 12,000 bushels and grapes 500 tons. The report covered the period in which the June to September drought was broken by heavy rains in the middle and end of October, the department said.

and blended citrus fruit juices. These items go to the military and to lend-lease "en toto."

WPB has promised that production of electric flat irons will get the nod early next year. However, just enough irons will be made to answer needs of housewives who have broken irons and need new ones. Chances are they will have to turn in their old, broken iron before they can get a new one.

Now that Harry Hopkins has left his White House "home" for a charming colonial house in George-

town, some Washingtonians believe he will be given a new post—a more official job than that of adviser to the president.

Living in the White House, Hopkins was at the beck and call of FDR day and night. Whether it was to discuss an important New Deal step, a bit of diplomacy or some war strategy, Harry was always close at hand. He was also close by when the president needed a "visit" to help him forget the cares and worries of his job.

However, it is believed that Hopkins may fit into the picture as American representative on the joint Anglo-American-Russian military political commission to be set up in London. Harry is considered by many to be an excellent choice for this job. He is well-liked and admired by Winston Churchill. His friends say no one could outline President Roosevelt's views in such

a post better than Hopkins, unless it might be former Undersecretary of State Sumner Welles.

Anyway, wise ones say that Hopkins—who is married to the former Louise Macy and it is whispered, about to become a father—will soon have a new job—and a big one at that.

A new "extender" —tops in taste! VICTORY MEAT ROLL

Even your leftover meat gets a-t-r-e-c-h-e-d these days! And deliciously in this new meat roll—good to the last crumb! Be sure you bake it with reliable, cream of tartar ROYAL Foris even, "steady action" helps protect your baking. Helps give light, tender biscuits—high, fine-textured, fresh-keeping cakes. When baking at home, safeguard scarce rationed ingredients. Always use ROYAL cream of tartar BAKING POWDER.

2 cups sifted all-purpose flour
4 teaspoons Royal Cream of Tartar Baking Powder
1/2 teaspoon salt
4 tablespoons shortening
3/4 cup milk, or half milk, half water

Sift together flour, baking powder and salt. Add shortening, mix in thoroughly with fork. Add liquid to make soft dough. Turn out on floured board; roll out until outside looks smooth. Roll out into 10-inch square, 1/4 inch thick. Spread with Meat Filling; roll up as for jelly roll. Place on greased baking sheet. Bake in hot oven at 450° F. for 20 to 30 minutes. If desired, serve with tomato sauce or leftover gravy. Makes 8 slices. So light and tender, so tasty make the ROYAL way!

MEAT FILLING: Mix together 1 1/2 cups cooked, ground meat (lamb, pork or veal), 1/4 cup milk, 1 teaspoon salt, 1 tablespoon minced onion, 2 tablespoons chopped pickle, 1 tablespoon prepared mustard and 1 tablespoon chopped parsley.

Audience Hears About Chemurgy

President Of National Farm Chemurgic Council Speaks Here Wednesday Night

Chemurgy, one of the newer words in the American language was discussed and explained Wednesday night in the George Washington junior high school when Wheeler McMillen, president of the National Farm Chemurgic Council addressed a crowd of farmers and men of industry. The meeting was one of a series planned by the Greater New Castle association.

"If the world of tomorrow is to advance," said Mr. McMillen, "the advancement must be built upon a wholly new conception. From time immemorial man has operated upon a divided scarcity. Through the power and science have been tremendously increased man's ability to do work and produce goods that he can begin to believe in multiple plenty."

In another half century or so, poverty will need to exist only because men will not use their capacity to produce. It may take longer to effect a change in the minds of men towards an understanding of plenty than it will to create the means of plenty. Illustrating what chemurgy is doing for the nation Mr. McMillen pointed out that four years ago all our cigarette paper was imported. Today 85 per cent of what is consumed in the nation is made from threshed flax straw after the seeds have been extracted. Through chemurgy, agricultural products that have been wasted in the past are now being used for industrial purposes. Cotton and corn are now being grown to industrial specifications. Illustrating what can be done with farm products Mr. McMillen said he was wearing a hat made from milk products, and a necktie made from meal from soy beans.

"Chemurgy" he said "is the science of finding new uses for farm products and to utilize waste products in industry." He was introduced by J. Audley Boak, Attorney Marshall G. Matheny, president of the G. N. C. A. presided.

Brer Rabbit Milk Shake

RICH IN IRON AND CALCIUM

BOTH children and grown-ups enjoy the smacking good flavor of Brer Rabbit Milk Shake. And this delicious drink is rich in calcium and iron. Milk for calcium . . . molasses for iron—the same delicious, inexpensive Brer Rabbit Molasses you use for baking.

To make Brer Rabbit Milk Shake, mix one tablespoon of Brer Rabbit Molasses with a glass of milk.

Scientific tests have shown Brer Rabbit is second only to liver as a rich food source of iron the body can use. Three tablespoons supply about one-third of a child's minimum daily requirements.

A DELICIOUS TABLE MOLASSES
GOLD LABEL Brer Rabbit Molasses is the highest quality, fancy, light-colored molasses—sweet and mild in flavor. Especially delicious as a spread on pancakes, waffles, bread and cereals. A tablespoonful added to a glass of cold or warm milk makes a deliciously flavored milk shake rich in iron and calcium. Also recommended for cooking where a mild flavor is desired.

To meet taste preferences, Brer Rabbit Molasses comes in two flavors: Gold Label—light, mild-flavored; Green Label—dark, full-flavored.

SEES CHEMURGY HOPE OF NATION

Speaker Tells Local Civic Clubs
What Agriculture Has Done
In Emergencies

Asserting that there are no problems in America which we cannot solve, Wheeler McMillin, editor of the Farm Journal and president of the National Farm Chemurgy committee, expressed the belief that agriculture would be one of the industries which would help solve the employment problem when the men come back home from the present war, speaking before the members of the Rotary, Lions, and Kiwanis clubs at a joint luncheon meeting in The Castleton, Wednesday noon.

The Kiwanis club acted as host club on this occasion, with President John J. Alexander presiding. Mr. McMillin stated that he was not worried so much about the post-war debt, and felt that we would be able to produce enough to keep ourselves comfortable, while sharing the surplus with others less fortunate.

The speaker cited a number of instances of how American agriculturists had risen to the need when certain farm products, imported from other nations, had been shut off and of how American ingenuity had been able to produce a product just as satisfactory.

He told of the tremendous growth in the production of the soybean, which he stated, is impossible to find the number of uses for. Entirely a product of the present century, it has helped many a farmer solve his production problem.

Among the guests present was Lieut. Wayne White, of the U. S. Air Corps, who was recently commended, and who will report to the air base at Salt Lake City at the expiration of his leave here. He is the son of Mr. and Mrs. S. A. White, of Boston avenue.

**ALL MEMBERS OF
O'BRIEN FAMILY
ARE IN SERVICE**

CAMP EDWARDS, Mass.—The O'Briens of Norwalk, Conn., believe in going "all out" for the United States in the war effort.

WAC Pvt. Margaret D. O'Brien explained the situation when she was talking about her reason for enlisting.

Her husband, Ernest, is serving with the Merchant Marine. Three sons, Edward, Ernest, and Raymond, are stationed respectively in Africa, England and California, with army units. A fourth son, Earl, is stationed in Florida.

Mrs. O'Brien joined the WAC's in August. "I wanted to relieve a man for active duty and I was all alone at home," she said.

Prior to the war, she worked as a practical nurse, specializing in mental cases.

**GENERAL INCREASE
IN WAGES DENIED**

PHILADELPHIA, Nov. 11.—(INS)—A general 5% cent increase with a new starting rate of 68 cents, requested by the United Steelworkers of America, local No. 2991, CIO, for approximately 50 employees of the Pittsburgh Range Company, McKees Rocks, Pa., today had been unanimously denied by the regional War Labor board.

The board explained that the company, which is manufacturing light sheet metal equipment for the armed forces under sub-contracts, could not be considered a part of the basic steel industry.

Also the board found that present rates for key occupations in the plant were well above the rates paid for comparable occupations in the Pittsburgh area.

**You May Never
Have To Take
Another Laxative**

Most constipated people might be as regular as clockwork—if they would only quit worrying—stop being nervous—take more exercise—stretch their diet—and get up mornings an hour or so earlier to give bowels time to act. But who can or wants to do all this?

So—the next best thing is to keep the bowels working as regularly and comfortably as we can—and that's where good old Ex-lax comes in. Why?

Because you may take Ex-lax at night and expect results in the morning when you get up without waiting around—because they do not move the bowels so violently as to leave you feeling weak and washed-out.

AND because they help give the grand, comfortable, satisfying type of movement that makes the spirits soar—and what your constipated person could ask for more! Get Ex-lax at your drugstore today and take as directed, 25¢.

Eighteen Of Nazis War Production Centers Wiped Out

LONDON, Nov. 11.—(INS)—An air ministry spokesman revealed today that eighteen of Germany's forty biggest war production centers are estimated to have been knocked out by the U. S. Army Air Force and the Royal Air Force bombers.

These bomb-shattered shambles now can be considered "liabilities rather than assets" to the Reich, he declared.

The Nazi Luftwaffe's night raids on Britain are costing the Germans an average of nearly ten percent of the planes involved, he said.

**BRICKER TO ENTER
STATE PRIMARY
FOR PRESIDENCY**

CHICAGO, Nov. 11.—(INS)—Gov. John W. Bricker of Ohio said Wednesday that he will enter the Ohio primary May 14 as a candidate for the Republican presidential nomination.

Bricker, not yet an announced candidate, is considered an aggressive aspirant for the nomination. He is serving his third term as governor of Ohio.

At a news conference in Chicago the governor asserted, "There is no question in my mind—the New Deal is through and the American people are through with it."

GRANGE MASTER WARNS NATION

GRAND RAPIDS, Mich., Nov. 11.—(INS)—Albert S. Goss, national grange master told the opening session of the 77th annual grange convention Wednesday that the executive branch of the government is dangerously encroaching on the powers of Congress and the rights of the people.

"Unless we hold fast to sound constitutional principles, our coming victory over the Axis will prove in vain," the farm leader declared. "Under powers delegated by con-

gress to the executive," he continued, "abuses are occurring which seriously impair our rights and affect our daily lives. This lawlessness is strangling production and must be stopped."

Goss asserted that "blundering OPA ceiling policy" have created many shortages.

LAW VIOLATION

TRENTON, N. J., Nov. 11.—(INS)—Motorists, recently warned against driving without the upper half of their motor vehicle headlight lenses blacked out, today were advised that the practice has been in violation of the state regulations since lifting of the dimout by the army.

Arthur W. Magee, state motor vehicle commissioner, expressed the hope that motorists will remove the painting and other material from headlamp lenses, not only to comply with the law but also as an aid to safety.

RATION POINT LOAN GIVEN WHOLESALERS

PITTSBURGH, Nov. 11.—(INS)—Pittsburgh meat wholesalers today were under an OPA "ration point loan" program whereby they will be permitted to purchase more than their normal stocks of veal, lamb, mutton, and lower grades of beef to store for possible shortage periods.

Wholesalers will be urged to fill their storage freezers between now and mid-January—the peak production period—with meat they may buy on borrowed points. The program is designed, the OPA said, to give housewives a wider variety of rationed meats during low meat production periods.

CHARGES SENATE
EVADES ACTION

House Military Affairs Chair-
man Says Senate 'Runs Out'
On Draft Measure

WASHINGTON, Nov. 11.—(INS)—
Chairman May (D) Ky., of the
House military affairs committee
charged the Senate today with "run-
ning out" on House conferees on the
deadlocked father's draft deferment
bill.

"Since Monday of this week I have
been trying to arrange for another
meeting so we can finally dispose
of this important legislation," May
declared. "We have not even con-
sidered yet the deferment angles of
the bill and the way it looks now we
will have trouble getting together
even to talk about them."

House conferees headed by May
and Senate delegates under Sen.
Reynolds (D) N. C., chairman of
the military affairs committee, broke
up in disagreement over the trans-
ference of full control of the draft
system from War Manpower Com-
mission Chairman Paul V. McNutt
to Maj. Gen. Lewis B. Hershey, di-
rector of selective service.

Reynolds confirmed the pending
impasse and added that he saw no
hope of breaking the deadlock unless
House or Senate members made
specific requests for further meet-
ings.

"No meeting of the conferees has
been had since they broke up Mon-
day and I have no intention, at the
present time, of calling for one on
the part of the Senate," Reynolds
said. "Unless someone in the House
or Senate makes a demand for ap-
pointment of new conferees I see no
prospect of a meeting."

Chief points of controversy in the
bill, on which conferees were named
a fortnight ago, center about the
delegation of draft control powers
and a House section asking it man-
datory that pre-Pearl Harbor fath-
ers be placed at the bottom of the
draft list.

SOLDIER'S WISH
FOR HOME-COOKED
MEAL IS FULFILLED

New Castle postal authori-
ties stretched their imagination
a little the other day, and permitted
a package to be mailed overseas to a local
soldier, on only his wish, but
it must not occur again, Post-
master William R. Hanna
warned, in telling about the
incident.

A woman appeared at the
parcel post window to mail
a package, and when asked
whether the soldier had
made written request for the
contents of the package, the
woman obligingly fished in
her purse and proudly pro-
duced the letter, which said,
"I wish I had a good old-
fashioned home-cooked meal."
And that was just what the
package contained.

Cosmo Club Has
Armistice Program

One of the most interesting meet-
ings scheduled by the Cosmo club
was held Wednesday evening in
their club rooms, North Mercer
street, when they heard a talk given
by Lieutenant Samuel Clayton of
the U. S. Army Ordnance Depart-
ment, on "Armistice Day."

Other speakers on the program
were: Louis Sandler, Abe Gonic
and Alvan Shenkan. Gilbert Le-
vine, president, introduced the
speakers.

Tuesday, December 7, is the next
meeting.
PROTEST IS ENDED
NEW YORK, Nov. 11.—Max

walks of the Washington market,
one of the city's largest market
centers, had ended.

Countess Believes
Husband Innocent

Says Count's Story Of Night
Of Slaying Of Her Father
Is So Plausible

By JAMES L. KILGALLEN
(I. N. S. Staff Correspondent)

NASSAU, Bahamas, Nov. 11.—
Waiting stoically in her modest
Nassau home for the verdict that
would spell death or freedom for
her titled husband, the Countess
Nancy Oakes De Marigny today re-
affirmed her belief in his inno-
cence.

In an exclusive interview with In-
ternational News Service, the pret-
ty 19-year-old daughter of Sir
Harry Oakes, for whose murder her
husband is on trial, said:

"Freddie is not a stupid person
and the crime was stupid and clum-
sy."

"Freddie" is Count Alfred De
Marigny, 33-year-old French noble-
man, who is charged with beating
and burning Sir Harry to death in a
flame-ravaged bedroom on the
night of July 7-8.

"Freddie's story of what he did
that night was so plausible and to
me everything he said was logical,"
Nancy continued. "that I couldn't
help but believe he was absolutely
innocent."

Telling of the difference of op-
inion prevailing between her pa-
rents and herself on the question of
marrying De Marigny, Nancy based it
upon educational variances.

PILL BOXES THICK
ON WINTER LINE

Line Is Well Fortified Accord-
ing To Allied Spokes-
man

By RICHARD TREGASKIS
(I. N. S. Staff Correspondent)

WITH THE ALLIED FIFTH
ARMY IN ITALY, Nov. 10.—(De-
clayed)—(INS)—The Germans' Gar-
igliano winter line, where the en-
emy is going to try to make a "two-
months' stand, today was described
as "thick with pillboxes, barbed-
wire entanglements and caves dug
into the rock."

An Allied spokesman declared,
"no doubt this is going to be his
winter line—he's going to fight
here."

The increasing number of prison-
ers and the present slowness of the
Fifth army's advance are evidences
of stiffening resistance, the officer
said. He pointed out that several
prisoners were taken in the last two
days by the right half of Lieut. Gen.
Mark W. Clark's line.

The latest prisoners captured were
found in mountain pockets, where
they had dug themselves into the
rock.

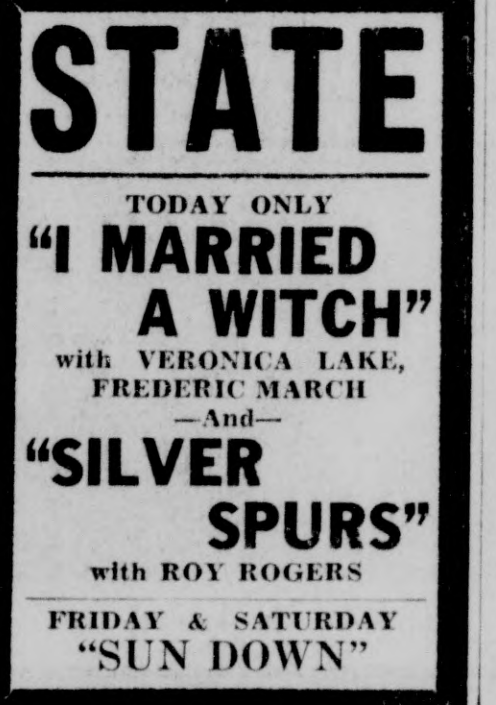

While the Fifth army encountered
stiffened opposition as it began
probing the Garigliano defense, the
British Eighth army moved faster
against lighter enemy resistance.
Along the entire front, enemy air
activity continues heavier than be-
fore the first Volturno crossing, but
its concentrated force is falling
around Naples.

Around this Tyrrhenian port, an
estimated 40 German planes tried
to target the harbor area.

Kiev Ruined City
When Recaptured

NEW YORK, Nov. 11.—(INS)—
The first eye-witness description
of Kiev following its liberation by
the victorious Soviet army was
given today by the British Broad-
casting Corporation quoting Paul
Winterton, its reporter who now is
in the Ukrainian capital.

"Kiev was a city of the dead."

the correspondent was quoted in the
broadcast.

"The Germans had carried
through a campaign of systematic
robbery. They had burnt the uni-
versity and the public library. The
water system was partially wrecked
and all the bridges demolished."

"The new city Soviet already has
started reconstruction. Bakeries will
be working in a day or two, and
so will the water supply. Work
will begin on the railway bridge over
the Dnieper river as soon as pos-
sible."

MINE OPERATORS
HAVE COMPLAINT

SCRANTON, Pa., Nov. 11.—(INS)—
Scranton operators were reported
ready to register a complaint that
hard coal miners are not living up
to the Lewis-ickes agreement when
the industry's sub-committee meets
today in Philadelphia.

The operators, it was disclosed by
one large producer, will contend

that since mine operations were re-
sumed after a 10-day work stop-
page, they have failed to receive 15
minutes of productive time under a
section of the Lewis-ickes agree-
ment providing time and one-half
pay for part of the lunch time pe-
riod the mine workers are supposed
to relinquish.

MARRIED AT NAVAL BASE

WILLOW GROVE, Pa., Nov. 11.—
(INS)—Lieut. Comdr. Carl L. Estes
and his bride, the former Margaret
McLeod, a WAVE ensign, were en-
route today to Mineola, Tex., on an
aerial honeymoon.

The former Texas oil man and
newspaper publisher, and his WAVE
assistant were married last night at
Willow Grove Naval Air station,
where Estes is Public Relations offi-
cer.

The ceremony was believed to be
the first in which two Navy officers
were married by a Navy officer at a
Naval base.

Legion Of Honor
And Service Group
Will Meet Monday

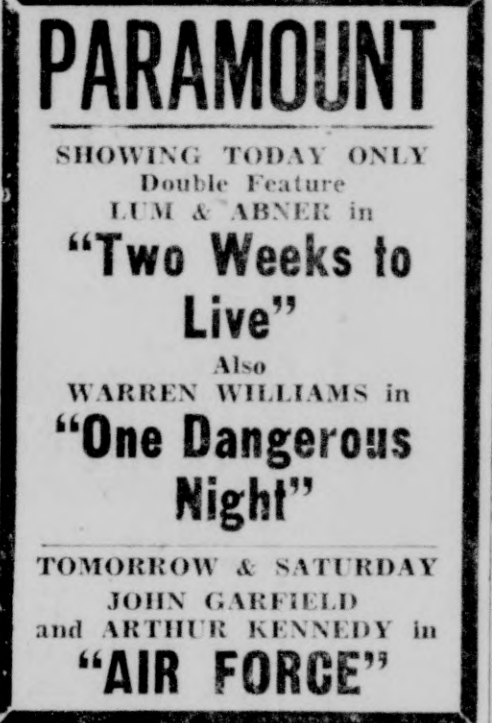

Commander-in-Chief Howard
Geary of the Valley of New Castle
Consistory, A. A. S. R., announced
today that plans for the annual
fall reunion are virtually complete.
The fall convocation will take
place in The Cathedral on Thurs-
day and Friday of next week. Final
arrangements will be made at a
joint meeting of the service division

and Legion of Honor on Monday
evening at 8 o'clock in The Ca-
thedral.

This meeting will take the place
of the regular meeting of the Le-
gion of Honor, scheduled for Thurs-
day evening, but called off on ac-
count of the reunion.

Candidates for the degrees will
meet at 3 o'clock Thursday after-
noon, November 18, and the con-
ferring of degrees will continue
through Friday.

No social functions are planned
in connection with the reunion
which will be another streamlined
affair because of wartime condi-
tions.

STEEL PLANTS NEAR NORMAL

District Steel Operations Are
Scheduled To Hit Capacity
Level Today

PITTSBURGH, Nov. 11.—(INS)—District steel operations in western Pennsylvania were scheduled to hit the capacity level today, with bituminous coal production nearly back to normal, when the last of the banked Carnegie-Illinois furnaces were to be blown in.

A canvass of the district coal mines disclosed all pits were in operation except two Pittsburgh Coal company shafts and a small independent mine near Salina.

Only about 1,300 of the area's workers were off the job, it was reported, and employees of the struck operations planned to vote today on a proposed return. The Pittsburgh Coal company mines affected were Montour No. 4 and Midland. The other pit is the Cochrane company mine near Salina.

If he grumbles, ask him if he thinks he alone should escape all inconvenience while the rest of mankind sacrifices and suffers.

KIDNEYS MUST REMOVE EXCESS ACIDS

Help 15 Miles of Kidney Tubes
Flush Out Poisonous Waste

If you have an excess of acids in your blood, your 15 miles of kidney tubes may be overworked. These tiny filters and tubes are working day and night to help Nature rid your system of excess acids and poisonous waste. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Kidneys may need help the same as bowels, so ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

FIRST BAPTIST CHORIR CENTENNIAL CONCERT

There was a large attendance at the First Baptist church, for the concert given under the auspices of the senior choir, on Tuesday evening; Chester Kyle, director, Mrs. W. H. Lunkhart, organist.

The event was a continuation of the Centennial celebration of the church. The program was of a high character and was well received. The program consisted of choruses by the senior choir; organ numbers by Mrs. Lunkhart; choruses by the Hi choir, accompanied by Miss Ruth Peterson; Duett, Ruth and Betty Lutz; string trio selections, Mrs. S. J. Callahan, James and Virginia Callahan; vocal solos by Mrs. Paul Weller, Mrs. Stanley Reese, Walter Van; duet, Mrs. Reese and Mrs. William Harris.

More Men Enroll For Navy Service

Men Enlisted At Local Station
Get Leave Over Armistice Day

Five men who have volunteered for the Navy through the New Castle Recruiting Station and who were to have gone to Pittsburgh for their final check-up will be held over until Friday to participate in the Armistice Day Parade to be held in this city Thursday night.

Those enrolled, were: Myron D. Parsons, 417 Spruce street; Walter E. Withers, 519 Moody avenue; Herbert R. Bleakney, 632 First street, Ellwood City.

Roy H. Fowler, Beaver Falls. Robert M. Craig, Greenville. In addition, it is announced, that Gomer W. Emery, of 1038 Adams street, local World War One veteran, has enlisted for Navy service through the Pittsburgh Recruiting Station, and has left for training camp.

Brains now count more than brawn, but we are still primitive enough to admire the big tall guy who could win with a stone ax.

Dodds Discusses Seal Sale Program

It is significant that much of the work of the Lawrence County Tuberculosis society has been made possible by the work of volunteers, was the comment today of Andrew Dodds, seal sale chairman, in announcing the county plans for the 37th annual Christmas seal sale.

"We are happy to have so many of the workers of other years volunteer. Our local chairmen will follow the procedure of past years in asking for help from clubs and other organizations. Too much credit cannot be given to these groups which, year after year, assist in the work of the Tuberculosis society. The firemen at the Central fire station broke all records when they recently folded 9,500 seal sale letters in 24 hours.

"During this year the program

of the society has been expanded to meet the requirement of a wartime anti-tuberculosis campaign. War has always increased tuberculosis and the disease has shown an increase in Pennsylvania during the past year and a half.

"The Tuberculosis society will have the biggest job in its history in 1944."

AROUND CITY HALL

Chief of Police Willis G. McMullen today warned: "The Thanksgiving season is approaching and Christmas shopping will also be in order. People should not carry large sums of money with them and under no circumstances lay pocket-books upon counters where a busy person is apt to forget them. Do not pay charges on packages left for neighbors unless the neighbors have so instructed."

Coast Artillerymen Change Attitude

(International News Service) HEADQUARTERS, Panama Canal, Nov. 11.—(INS)—When a 33-foot black whale became stranded on a Pacific beach near here by the rapidly receding 20-foot tide, a dozen U. S. coast artillerymen whooped joyfully into the surf with a cable to make a capture.

But when they got there they found the stranded whale was about to become a mother. Changing their tactics they worked with her for hours in an effort to free her—a feat which they achieved only when the tide started back in. "Bertha," as she was named by Sgt. John Wiedl of Pittsburgh, Cpl. Fred Alongi of New York City and Sgt. Henry DeLuca of Brooklyn, who were among the dozen GI "midwives," tugged her about until she was headed out to sea, gave her

affectionate pats and started her off. "Bertha" hung around the bay until sunset when she headed out to sea. Some of the soldiers swore they saw a small wake behind Bertha's big one.

"She oughta name it after the

Coast Artillery," muttered one of the watchers as Bertha disappeared into the gloom.

Alfalfa hay which had been cultivated for more than 2,000 years in

Europe, was brought from Chile to California in 1854, where it spread rapidly over the semi-arid regions of the Pacific and Rocky Mountain states.

Egbert knew all the answers
but **ONE!**

HE KNEW the capital of Afghanistan. He knew that *Planesticus migratorius* is the name for a robin. He knew that a *theorbo* is a musical instrument.

But he didn't know how much cheaper electricity is today than years ago!

Don't blame Egbert. It's easy not to realize how far electric prices have been reduced, because while they were coming down and down—Egbert's family, and families all over America, were adding new appliances and enjoying the use of more and more electricity!

But in any true-false quiz, you can mark this statement as true: The average American household today gets just about twice as much electricity for its money as it did fifteen years ago!

What helped make it true? Experienced business management. Years of doing a job efficiently and economically have given the men and women of your electric company the know-how to bring you friendly, dependable service at low prices—even in wartime!

ELLWOOD MAN IS EXONERATED

Coroner's Jury Hears Testimony In Fatal Accident Near Edenburg Viaduct

C. A. Ferree of Ellwood City, R. D. 1, was exonerated of blame in the death of Richard Eugene Primavere, when a jury called by Coroner T. F. Nugent heard the testimony in the case at an inquest held Wednesday night in the office of Alderman James C. Brice. The Primavere boy was killed November 5 at the road crossing east of the viaduct in Edenburg when he was struck by the car of Mr. Ferree.

Witnesses testified that the five-year-old lad had started to cross the highway but seeing the oncoming car had stopped and then turned back. In an effort to avoid hitting the boy it was testified that Mr. Ferree had pulled his car over to the right but that this had not saved the child.

The father of the boy, George Primavere, was called first and said the boy had left home near noon of November 5 in the company of 16-year-old Edw. Miller, who was going to a grocery store. As the pair neared the highway crossing Miller is supposed to have stopped to tie his shoe lace and the little Primavere lad went on.

Witnesses called included Shirley Dexter, Shirley Beicht, Pauline Burrows of Ellwood City who was driving a car westward at the time of the accident; Albert Schreive, a passenger in the Ferree car, and C. A. Ferree, the driver of the car. After hearing the testimony the jury retired and returned a verdict of accidental death, exonerating Mr. Ferree of negligence.

Marines Observe 168th Anniversary

Dinner Event At The Castle-ton Last Night Is Feature Of Day's Program

Marines landed in The Castle-ton hotel Wednesday night, November 10, and had the situation well in hand. The occasion was a dinner by the G. V. Sergeant Harry T. Burns detachment of the Marine League, celebrating the 168th birthday of the corps and from 7 o'clock until 11 the party was in progress. At 7 o'clock the dinner was served following which Toastmaster Peter J. McGinty took over. A number of short addresses were heard, with the high spots coming when Sergeant Harry J. Presnar and Private Gerald K. Hanna spoke. These two Marines were through most of the engagements in the Southwest Pacific and told of some of their experiences.

Other speakers included Fred L. Rentz, Louis B. Round, Clare B. Book, Franklin Blanning, John Scott, James M. Smith, Jr., Frank

New Castle Hospital Has Staff Meeting

Regular meeting for the New Castle hospital staff was held Tuesday evening in the School of Nursing, with a large group in attendance.

An interesting case was presented to the doctors during business by Dr. John Prioletti and Dr. Wilbur Flannery. The patient was also presented to the staff, as a means of aiding the discussion of the case.

Quite a large group plan to attend the Lawrence County Medical Society meeting on Friday, November 19, to hear Dr. Thomas Francis, Jr., of the University of Michigan. At the conclusion of the meeting, the Sisters of St. Francis served a delicious dinner.

WORKMAN BURNED
Bernard Dess, of 226 Smithfield street, was treated for first degree burns of the right leg at the Jameson Memorial hospital at 1:15 o'clock this morning. He was burned at his work.

OVERSEAS CARDS GO FIRST CLASS

Postmaster William R. Hanna stated today that many Christmas greeting cards, addressed to men in the service overseas, are being brought to the post office for mailing, bearing only a cent and a half postage.

These cards cannot be mailed, Hanna said, as all overseas mail must go either first class, bearing a three cent stamp, or air mail bearing a six cent stamp for one-half an ounce.

Cards to any APO address overseas must therefore bear the above named postage or they will not be delivered.

TO DISTRIBUTE \$2,670,000
PITTSBURGH, Nov. 11.—(INS)—Pittsburgh banks will distribute approximately \$2,670,000 to Christmas savings clubs' depositors this year, about \$57,000 less than a year ago and less than half of the total sent out in the heyday of the clubs.

Rubber Report Shows Progress

Synthetic Rubber Supply Is Progressing Steadily In United States

By ERWIN D. SIAS
(U. S. S. Staff Correspondent)
WASHINGTON, Nov. 11.—Rubber Director Bradley Dewey disclosed that although synthetic rubber production is progressing rapidly, tire supplies for civilian motorists will continue at a low ebb for at least six or nine months.

In the fourth progress report from the rubber director's office, Dewey told auto drivers they must continue to conserve tires despite the fact that 30 million synthetics will be built next year.

"Synthetic rubber production is in good shape," Dewey declared, "although the tire situation remains tight, and will continue so for at least the next six to nine months."

In Operation In 1944
The director also revealed that by early 1944 all plants in the synthetic rubber program will be in operation.

"But," he warned, "availability of synthetic rubber does not immediately assure an adequate number of tires. The necessary production of tires requires plant facility expansions that will not be completed until well into 1944."

Major item retarding the production of synthetic rubber tires, he said, is lack of high-tenacity rayon and cotton tire cords, output of which will not come into operation for almost a year.

Dewey recently set a goal of 30 million synthetic tires for 1944. His report showed that 17,200,000 tires of all kinds—new, used, and reclaimed—were distributed this year compared with only 4,700,000 in 1942.

OCD NOTES

Activities Of OCD Workers Are Outlined Here

Meetings are yet being held in the various posts of the city at which representatives of the city OCD are in attendance. At these sessions the representatives clarify many of the problems that have heretofore been in controversy. Therefore, should your post members desire a clarification of any regulation the proper method is to schedule a meeting notify the city OCD of the time and place and a representative will attend.

Tonight in the line of Armistice march will be a large number of OCD workers. They will form with the branch to which they are affiliated in Pearson street, at 7:15 p. m.

Frank Sargent, city co-ordinator for the city OCD, Tuesday night met with wardens of post 7-2. A majority of the members were in attendance. Many questions were asked and fully explained. The series were confined to OCD affairs.

FALSE TEETH

That Loosen Need Not Embarrass
Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little PASTETECH, the alkaline (non-acid) powder, on your plates. Holds false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get PASTETECH at any drug store.

RELATIVE DIES

Word has been received by Mrs. Thomas S. Reese, of 107 North Crawford avenue, of the death of her eldest sister's daughter, Miss Mary Esther Jenkins, 51, of Llwyn Onn, Tyisha road, Llanelly, South Wales, on October 7. Miss Jenkins died in a hospital in London, England, after a few weeks' illness.

Parent-Teachers

Rose Avenue

Three interesting speakers were heard by the Rose Avenue Parent-Teachers Association Tuesday night when a meeting was held in the auditorium of the Rose Avenue school. C. C. Hawk of the Lawrence County Boy Scouts spoke on "Scouting." Miss Marie C. Hay, executive of the Girl Scouts spoke on Girl Scouting and Attorney Elmer D.

O'Neill spoke upon "Parliamentary Procedure."

The chapter president, Mrs. Walter Jessel presided at the meeting and asked for reports of committees. A musical feature of the program was a piano solo by Larry Hart.

The "Penny March" finished the evening's program and Grade 1-1 was found to have the most parents present at the meeting. The youngsters of the room will be given a party observing this.

REPORT MARTIAL LAW DECLARED

Outbreak Reported In French
Mandated Near East State

By W. P. SAPHIRE
(U. S. Staff Correspondent)
CAIRO, Nov. 11.—Martial law was
proclaimed today in the French
mandated near east state of Leba-
non.

Circumstances of the proclama-
tion placing the state under military
control were not learned immedi-
ately but it was said that Senegalese
troops had broken into the home
of the president at 4 a. m. and
made off with him.

The Senegalese, according to first
reports, used "considerable vio-
lence" in removing the president
to an unidentified place.

The premier and two cabinet
members also were reported ar-
rested.

The Lebanon parliament recently
adopted a measure modifying the
constitution against the desires of
the French committee of the na-
tional liberation in Algiers. The
French officials at Algiers refused
to recognize the action on the
ground that it was unilateral.

The radio at capital of Lebanon
Beirut, at 8 a. m. denounced what
it called "a plot against French
Lebanon."

There was said to be considerable
excitement in the streets of Beirut.

Japanese Soldier Knows Little Of Defense Fighting

By CAPTAIN JOHN H. CRAIGIE
(Written Especially for International News
Service)

The reported fundamental lesson
on which the important new Ameri-
can attack on Bougainville in the
South Pacific is based is that the
Japanese soldier does not know how
to fight on the defensive.

Opinion in informed military cir-
cles is that the Japanese army de-
voted so much of its training to of-
fensive war that it had no time for
teaching the defense. While it was
on the attack in the Dutch East
Indies, Malaya and Burma, its pro-
gress was rapid. But when attacked
in turn by the marines at Guadal-
canal, it failed to put up the fight
anticipated.

The facts seem to be that the sol-
diers of the Rising Sun know how
to die and exhibit the most fanat-
ical disregard for life in doing so.
But they do not know how to defend
their positions, nor how to employ
the defensive weapons and technical
equipment that gives well trained
troops on the defensive their great
powers of resistance.

The lesson of poor Japanese de-
fensive tactics sticks out like a sore
thumb from the record of the Guadal-
canal campaign and the later op-
erations in New Georgia.

Among wishful thinkers are those
who don't believe in hell because
they know they would deserve it.

FALSE AIR ALARM BRINGS WARDENS OUT

PHILADELPHIA, Nov. 11.—(INS).—
Hundreds of air raid wardens in
the eastern section of Philadelphia
tumbled out of bed at an early hour
today in response to a false air raid
alert touched off by a short circuit.

A city official said the siren wires
were "shorted" when an under-
ground feeder wire of the Philadel-
phia Transportation company broke
in Germantown. About 160 of the
city's 247 sirens let go a howl at
3:15. Eight minutes later they gave
out with a mighty blast that lasted
for 15 seconds.

Repair work was started immedi-
ately.

Half Kiev Province Is Now Occupied

LONDON, Nov. 11.—(INS).—Half
of Kiev province now has been
occupied by the steadily advancing
red army. Reuter's reported today
from Moscow.

The latest Russian advances, it
was said, place the Germans along
the Dnieper river bank in an ex-
tremely difficult position.

The red air force was reported
operating from airbases on the
west bank of the Dnieper and big
forces still are crossing the river
from the east above and below Kiev.

The Sanctity of the Home

Highlights On The Sunday School Lesson

By NEWMAN CAMPBELL

(The International Uniform Lesson on the above topic for Nov. 14 is Exodus 20:14; Matthew 5:27-30; Mark 10:2-12; the Golden Text being Matt. 5:8, "Blessed are the pure in heart: for they shall see God.")

The Sanctity of the home is the subject of today's lesson, and it is based on the commandment, "Thou shalt not commit adultery." Jesus said, in His sermon on the mount, "Blessed are the pure in heart; for they shall see God." The pure in heart—how many human beings do you suppose there are on earth who are truly and always pure in their inmost hearts?

To Jesus the thought was as bad as the deed. To hate your brother without cause was to be a murderer; to look with lust was to be an adulterer. Thoughts come unbidden, but the bad thought can be cast out of one's mind, for Jesus said, speaking figuratively, "If thy right eye offend thee, pluck it out." Not literally, of course. Physically maiming of one's self does not help. To make the eye the obedient servant of the mind and spirit is to pluck out the bad eye and cast it forth.

If Thy Hand Offend
"And if thy right hand offend thee, cut it off, and cast it from thee: for it is profitable for thee that one of thy members should perish, and not that thy whole body should be cast into hell." The same rule applies to the hand as to the eye. To control its movements; to make it a good, obedient servant to all right commands, to be a help in your growth in spiritual life instead of a hindrance, is to keep the body whole—not maimed in the sight of God. On this subject of the sanctity of the home, the Pharisee questioned Jesus, always hoping that they would get Him to admit

ments of red character—responsibility, loyalty, integrity. A solemn promise means nothing to such a one; selfishness and lust take the place of love, self-abnegation and faithfulness. Better to pluck out the eye, cut off the hand than live in the hell that follows.

BESSEMER

Mrs. Ivy Davidson, Jr., was a caller in New Castle Monday.

Sgt. Walter Yordis is home on a five-day leave from Camp Polk, La.

Cpl. Frank Tomasello is home on a 10-day furlough from Camp Polk, La.

Mrs. Charles was a visitor at Roy Hoffmeister of North Beaver recently.

Mrs. William Glassel and Mrs. Roy Young were callers in New Castle Monday.

Mrs. Matthew Myers and Mrs. Charles Bowman were callers in New Castle recently.

In connection with the recent account of the Harmon-Brown wedding, the fact that music was furnished by Mrs. Eleanor Snyder, Mrs. Alton Heard and Joseph Martin was unintentionally omitted, due to a typographical error.

HUGE SUPPLY OF FOOD IS SHIPPED INTO NORTH AFRICA

ALGIERS, Nov. 11.—(INS)—Approximately 220,000 tons of foodstuffs and 850,000 tons of coal have been shipped into North Africa for civilian use by the Allies since British and American forces landed in Algeria and Morocco Nov. 8, 1942.

Reviewing the economic war since the Allied landings, the North African economic board said today the area has taken a "definite place" in the economic planning of the United Nations and that while plans were being made to supply civilian needs in the area for 1944, estimates also were being prepared on the products North Africa would be able to export.

Per Capita Tax May Be Imposed

School Board Takes No Definite Action On Matter At Meeting Wednesday

While nothing was done about it at the meeting of the board on Wednesday night, there is a possibility that the \$5 per capita tax may be assessed against tax payers by the school board for the coming year.

Secretary John B. Bechtel reminded the members that if any action is to be taken about the tax, action must be taken in the December meeting.

The board voted to permit the use of the gymnasium of the Benjamin Franklin junior high school for the use of an industrial basketball league.

The board decided to invite H. J. Murphy, guidance director for the state of Indiana to come to New Castle for a series of lectures and conferences with teachers on December 10 and 11.

The bonds of Howard M. Burr as school treasurer and athletic council treasurer were approved in the amounts of \$75,000 and \$10,000. Director Leslie Brindle was named by President Cliff Thomas to represent the school board on the city recreation council.

Slippery Rock Twp. To Erect Honor Roll

Members of the Slippery Rock District Young People's Council are sponsoring a meeting of all residents of Slippery Rock township Friday evening at 8 o'clock in the Princeton High school.

The purpose of the meeting is to discuss the matter of erecting a honor roll for the names of those of the district who are serving in the Armed Forces.

LITTLE BEAVER

A mad dog was in the vicinity of Little Beaver on Friday and it was reported several dogs were bitten. The mad dog was shot at Enon Valley by Constable Shaffer.

MINE OPERATORS TO HAVE CHARGE OF PITTSBURGH, Nov. 11.—(INS)—

Mine operators in Western Pennsylvania, who still have charge of their pits although under technical supervision of the federal government, were studying instructions received today from solid Fuels Administrator Harold L. Ickes.

The administrator, in a general statement of policy, said the mine work day shall be eight hours and 45 minutes, exclusive of lunch period, and that "all men must go into and emerge from the mines during that period."

Ickes said detailed instructions on computation of wages will be issued soon.

Westminster College Cagers To Play 16-Game Card

Titans Open Season With Camp Reynolds At Home On Nov. 27

Game At Madison Square Garden And Clash With Oklahoma Features Tilt

W. & J. GENEVA.

TECH ON LIST

NEW WILMINGTON.

Pa., Nov. 11. — Featuring games with Brooklyn College at Madison Square Garden and Oklahoma University at Buffalo, Westminster College's 1943-44 basketball schedule has been released by Athletic Director Grover C. Washabaugh.

Included in the 16-game schedule are important engagements with Washington and Jefferson, defending district champions; Pitt and Carnegie Tech. Other opponents represented on the card are Geneva, Bethany, Juniata and Camp Reynolds.

The Titans open the season against Camp Reynolds on the home floor Saturday, November 27, and close with Oklahoma at Buffalo, March 4.

Topnotcher For Years

A topnotcher for many years, the towering Titans, whose loftiest clipper will be Johnson, 6 feet 8, are expected to mingle with the cage elite again this season.

Practices were started several weeks ago and according to yarns picked up along the campus route, Westminster may be represented by one of its classiest combinations in seasons.

Buttonholing followed a recent workout, Coach Washabaugh didn't appear too optimistic but was quick to acclaim his squad as an "unusually promising one."

The 1943-44 schedule follows:

November 27—Camp Reynolds, home.
December 3—Juniata, home.
December 8—Carnegie Tech, Pittsburgh.

January 4—Camp Reynolds, Greenville.
January 8—Pitt, Farrell.

January 11—Juniata, Huntingdon.
January 19—Bethany, home.
January 26—W. and J., home.

January 29—Geneva, home.
February 2—Pitt, Pittsburgh.
February 5—Carnegie Tech, home.
February 8—Bethany, Bethany.

February 17—Geneva, Beaver Falls.
February 21—Brooklyn, Madison Square Garden.
February 26—W. and J., Washington, Pa.
March 4—Oklahoma, Buffalo.

BUCKS FEAR PASSES

COLUMBUS, O., Nov. 11.—(INS).—An aerial defense against the pitches of Don Greenwood, Eddie McGovern and Ed Bray was polished up by the Ohio State Buckeyes today in preparation for the Illinois invasion Saturday.

IOWA'S LARSON ILL

IOWA CITY, Ia.—The Iowa Hawkeyes prepared today for their 37th game of their series with Minneapolis without the services of Howard Larson, regular left halfback who is ill with a cold. It was doubtful that he would be able to make the trip.

THEY'LL NEED HIM

PRINCETON, N. J. — Princeton was disclosed today to have a new comer up its sleeve for use of emergency during Saturday's contest with Yale at New Haven. He is, Bill Kite of Glendale, O., a speedy six-foot 180-pounder.

LEAHY WARNS IRISH

SOUTH BEND, Ind. — Everything in the Notre Dame football book was thrown at the Irish today as they polished up their attack and defense in preparation for Saturday's battle with Northwestern. Coach Frank Leahy warned the Irish that Northwestern's indifferent team last year which failed to win a Western Conference game was beaten by Notre Dame only 27 to 20.

MICHIGAN TESTS DEFENSE

ANN ARBOR, Mich. — Michigan tested its defense today against Wisconsin plays for Saturday's game at Ann Arbor. The Wolverines, top-heavy favorites, probably will use seven former Badgers, stationed at Ann Arbor as Marine trainees, in the starting lineup. One of them, Halfback Elroy Hirsch, may see only limited service because of a shoulder injury.

AMERICAN LOOP WILL NOT SHORTEN SCHEDULE IN '44

CHICAGO, Nov. 11.—President William Harbridge of the American League denied today that the circuit plans to shorten its playing schedule next year.

"There has been some agitation for cutting the schedule to 140 games," he said, "but the majority is opposed to it. But it won't be decided officially until our winter meeting next month."

Illini Hasn't Beaten Bucks At Columbus Since 1929 Season

CHAMPAIGN, Ill., Nov. 11.—Coach Ray Eliot's young Illini will be seeking to turn a trick Saturday which no Illinois football team has accomplished since 1929—beat Ohio State at Columbus.

Not since Bob Zuppke led his great 1929 eleven to a 27 to 0 victory has an Illinois team been victorious at the Ohio capital. In fact, only once since that date has an Illini team defeated the Buckeyes, that was the 1934 encounter at Champaign, when Jack Beynon's passing brought the Orange and Blue a 14-13 decision.

Play 31 Times
The two teams have met 31 times in a rivalry that started in a scoreless tie at Columbus in 1902 before Ohio State was in the conference fold. To date, Illinois has won 12 games, lost 17, and tied two.

Ohio State's 46 to 6 victory over Pitt proved one thing as far as Illinois is concerned. It will take a strong defensive team to stop Buckeye thrusts so it's emphasis on defense in the Illini camp this week. However, Coach Ray Eliot is planning a few offensive maneuvers for the young Orange and Blue team, and these may take form in a long-passing game. Greenwood, Bascy, McGovern and Bray are all tuning up to do some throwing against the Buckeyes and the game might well develop into a free-scoring affair.

GIANTS' WITEK IN COAST GUARD

WILKES-BARRE, Pa., Nov. 11.—(INS).—Nicholas "Mike" Witek, New York Giants' second baseman, has been inducted into the coast guard and will report at Manhattan Beach, N. Y., next Wednesday for training. He was the Giants' leading hitter last season.

Witek appeared at the Wilkes-Barre induction station yesterday and breezed through the tests. His brother, Michael, was also inducted and ordered to report at Manhattan Beach.

Witek has been working in a Newark defense plant. He is married.

No Post Season Game For Irish

Matter Of Established Policy; Various Bowl Attractions Lack Formidable Opponents

By DAVID J. WALSH

CHICAGO, Nov. 11.—There has been some talk of Notre Dame playing Southern California in the annual Rose Bowl football game at Pasadena. It can now cease. In fact, it has ceased.

Overtures, or in any event, feelers of a sort have been extended to South Bend in this connection, we understand, and have met a polite though firm refusal by the padres who exercise a benign control over athletics at an institution where football flourishes as nowhere else in the world. In this case, however, the objection, we also understand, is less a matter of established policy than of military necessity.

Strictly Service Team

For the team which beat the army in New York last week end, 26-0, without Angelo Bertelli and mostly without Julius Rykovich, to establish itself as the museum exhibit of our generation, is—with few exceptions—an all-service outfit. It is made up almost exclusively of navy V-12 and marine trainees who cannot (and doubtless should not) be shuttled back and forth from the campus, at pleasure.

Notre Dame also has turned down a proposition, we believe, to play a charity game in New York against a professional team some time after the close of the pro league season. Incidentally, the pros are beginning to figure prominently in the plans of the various bowl-game managers who are still hoping to operate on New Year's day.

The entire east hasn't an eligible bowl candidate of merit. Neither in the last 15 years has furnished so many Rose Bowl challengers. Duke has been one of these. And Duke on Saturday went wire-haired against North Carolina State to a total of 75-0.

But, of course, there's still Duke's 13-14 deficit with navy, which was beaten by Notre Dame, 33-6.

In the southwest, Texas A. and M. is unbeaten but has engaged in a scoreless tie with North Texas Aggies.

Purdue, of course, is both unbeaten and untied in the middle west, but the Big Ten code expressly forbids post-season football.

The east, what with Pennsylvania's collapse in front of the navy, itself already badly beaten by Notre Dame.

Irish Not Available

The army naturally wouldn't have been available during the off season or any season and last Saturday Notre Dame went over it like a sandblasting job.

In other words, the situation always comes back to Notre Dame . . . for it's not only the best team of the year; it quite likely is the best since the turn of the century.

I would fill any stadium for a post-season game, come even flood or famine. It probably would fill Central Park. But it isn't available.

Sports Ramblings

Bits about a lot of things:—

Newspapers throughout the nation are feeling the effects of the newsprint shortage more and more daily. In view of this, newspapers must slash accordingly, never overlooking quality and service to the public. The News is revising its pages to conform with the government's regulation. The sports page, as a result, must get a taste of the ax now and then. Brevity will have to be exercised more than ever and make-up principles may have to be nudged to the side. So, if the sports page resembles a combination of things, now and then, you'll understand . . .

Medically discharged from the U. S. Army recently, Wilbur "Pat" Patterson is back at his Union Township high teaching post. Washington high has replaced New Castle on Beaver Falls' 1944 schedule. Ellwood City, an annual foe on the Tigers' grid card, will be played November 3. . . Faculty Manager Ralph H. Gardner has started arranging New Castle's 1944 program . . .

Fred Miller, former Westminster cage star from Connellsville, is in the U. S. Navy's Physical Fitness training program at Bainbridge, Md. The program, started by Gene Tunney, trains men to take over physical education at the various naval bases. Miller writes that his swimming instructor is Adolph Kiefer, world's greatest backstroke champion and holder of several world records. The daily training program at Bainbridge includes two hours swimming, two hours military drill, two hours calisthenics, and four hours of class lectures. . . Al Gerber, formerly at the naval cadet station at Westminster, is also at Bainbridge and is playing on the base football team along with Bill Dutton, of Pitt, and Bill DeCorvont, of Northwestern. He gridironed formerly with the Philly pro Eagles . . .

Sports salad:—The estate of the late Joseph E. Widener, noted turfman, has been estimated to exceed \$25,000,000. . . "Brick" Waldron, Minnesota fullback, broke his right leg in the Purdue game and will be lots for the remainder of the season. . . Lt. Cmdr. Gene Tunney is in New Zealand inspecting physical training centers. . . Bill Macopko, who saw action against the 'Canes while footballing for Campbell high, now is with Sampson Naval station. He was transferred from Cornell early last week . . .

Grove City Eleven Will Be Honored

GROVE CITY, Nov. 11.—Local organizations are preparing to extend recognition to the high school football team, which ended its season with seven consecutive victories after losing the opener to New Castle high school.

The campaign, first under the coaching of Robert (Ike) Smiley, matched the record of the previous three years under Eugene Forker, now a lieutenant in the Navy, whose teams in three years lost only two games, both to New Castle, and was tied by Bradford. In each of the past four years Grove City won the district 10 class A championship.

HERE AND THERE IN SPORTS LAND

Governor Edward Martin believes the best recreation for war workers is hunting and fishing. . . Sharon has set a schedule of \$4.50 for adults and \$2.25 for students for the nine-game football season next year. . . Among the guests at the Sharon high school gridders' banquet November 16 will be Captain M. O. Brock, special service officer, Camp Reynolds.

Rivals in gloves and rivals in cards. After George Chip and Knockout George Brown had fought a terrific fight in New Orleans, they met on the train and played cards all the way north. . . Reports current now say Pennsylvania had the privilege of ordering 6,000,000 shot-nail shells but the 6,000,000 were not manufactured. . . Shells are yet as valuable as butter.

Just talked to Tom Walsh, nationally known boxing man, now affiliated with Brickman and Atkins in Cleveland. He reports that while there are a few bouts worth money, and the same is applicable to wrestling, the wise person in sports amusements will plan for the post-war revival. He believes that the sports revival will yield no returns.

Incidentally, Tom reported: "Your city has a good will ambassador over here and he's a right guy." He referred to Tom McMahon, former heavyweight, who earns "it" elsewhere and spends it here—as of yore. Tom is now with former lightweight Earl Williams, who saved some of his money and has a prosperous business in the Forest City.

Walsh also threw in a boost for Ed Bang (although Ed doesn't need any in this district) about the Cleveland News Christmas show, with which Brickman, Atkins and Walsh will be associated. December 11. Annually Bang puts it over with a bang and despite the tragedy of war many little children will be able to smile. Ed, being their Santa Claus.

The McKeesport News, via Freddy reports that Leroy Beausseigneur has had plenty of trouble this year to mould a winner at Wilmerding high, but fans are confident he will give their school an outstanding team in 1944. He formerly coached at Avella. Prior to going to Wilmerding, Coach Beausseigneur was principal at Enon Valley, succeeding Walter West, now in the A. A. P.

Proceeds of the last three days of the Pimlico racing season will be devoted to the National War fund. . . Pitt, W. & J. Penn State, Temple and West Virginia will play basketball in Madison Square Garden, New York, this winter. . . Representative Sam Weiss has asked War Secretary Stimson to have the Army-Navy football game played where 75,000 persons can see it. It is at present scheduled for West Point, November 27 and only persons living within a 10 mile radius will be allowed to attend because of transportation problems.

Alum! There's a new Galento trying for fame. He is Baby Galento but he got whipped when he fought Joe Haddad at Jersey City. . . By the way, where is Charlie Haddad, once a heavyweight member of Jimmy Dime's stable? . . . In England, November 21, there'll be a soccer game between England and Scotland which is anticipated will draw 100,000 people for the benefit of Greek and Russian relief. No doubt some boys from this district who are "Over There" may see the classic. Years ago there was some soccer played here. One of those who played soccer in Wales is Griff Phillips, former tin worker.

VILLANOVA GIRDS FOR H. CROSS TIF
PHILADELPHIA, Nov. 11.—(INS).—Villanova's line play is being polished up today as the Wildcats prepare to meet Holy Cross at Worcester Sunday. Coach Jordan O'Leary is convinced that Villanova's two losses this season were due to the opposition's superiority in that department.

'Canes Sharpen Attack For Finale Here On Saturday

Locals Work Out New Plays For Warren Game; Kickoff At 2:15

Chilly weather greeted New Castle high's gridders yesterday afternoon as the once-beaten 'Canes continued polishing their attack for Saturday afternoon's season finale with Warren Harding high. Taggart stadium's turf, a white blanket early this morning, will be the battlefield.

Satisfied with the team's defense, Head Coach Phil Bredenbaugh has been laying stress on offense, the 'Canes' shortcoming this season. For the second consecutive day, the athletes centered their attention on new plays which they hope will net the first triumph over the Ohioans since 1940.

No Rough Stuff
Yesterday's drill was devoid of rough stuff with gummy scrimmage keynoting the session. Today, however, the gridders will engage in their last scrimmage of the 1943 campaign.

Physically, the varsity is in top form, excepting Mike Roussos, who is recovering from a dislocated right shoulder. He, however, will start against the hefty Warrenites. . . New Castle's line, one of the best produced in many years, will be outweighed. Bevan and Stocz, tackles, pass the 190-pound marker with the remainder of the front wall ranging from 165 to 180. Warren's backfield is strictly a pony affair with Quarterback Marcarello listed at 150; Williams and Spencer, halfbacks, 155 and 160, respectively; and Fullback Kvesich, 157.

Cop Three Games

This far, Warren has won three lost three and played deadlocks with Canton McKinley and Campbell Memorial. The Harding boys held Massillon's great eleven to a 20-0 count. Warren, a 7-6 winner over NC last year, is expected to be unusually hard to handle following a 26-19 loss to their rivals, Niles.

Saturday's game, the first daylight fracas for the 'Canes, will be the 11th date with the locals holding a 5-3 edge. Two of the clashes ended in draws.

The contest will start at 2:15 o'clock and promises to lure one of the biggest crowds of the season.

LEARNING PAYS
The Detroit Lions of the National Football league are convinced that players without college experience can't make the grade in the play for pay circuit. Of eight non-college candidates in the Lions' squad not one is left.

Blame It All On The War

STATE COLLEGE, Pa., Nov. 11.—Blame the war for one of the most cock-eyed football seasons on record.

At Penn State, these are just a few of the things that have happened since the season started: . . . Players from other colleges outnumbered the homebreds, six to five, for the first few games on the schedule.

A dozen colleges and universities were represented on the varsity roster prior to mid-season: . . . Outfits 127 Players

Oscar, the equipment man, outfitted 127 different players in the first five weeks of the season. (The peacetime figure is 50.)

The day before the West Virginia game, 17 football-playing Marines left for boot training.

Tubby Crawford, a pole vaulter from Ohio, left the soccer team on Thursday, joined the football squad on Friday, and played in the West Virginia game Saturday.

Bill Abramitis, a fullback at Pitt before he joined the Navy, scrimmaged with the second team the first day he reported for football practice.

And Tad Hauspawicz, big tackle, left the campus after the West Virginia game and two days later was a member of Penn's football squad.

Wagner, Ex-Owner Phillies-Nats, Dies

PHILADELPHIA, Nov. 11.—(INS).—Funeral services will be held tomorrow for J. Earl Wagner, former owner of the Phils and the Washington Senators. He was 82.

Wagner, a ship chandler, died at his Philadelphia home yesterday after a three months illness. He was owner of the Phils in 1892 and bought the Washington Senators in 1900.

While head of the Washington club he completed a cash deal in which he obtained two players he wanted and a catcher who was thrown in. The catcher was Connie Mack.

ARMY'S GLENN DAVIS MAY PLAY SATURDAY

WEST POINT, N. Y., Nov. 11.—(INS).—Glenn Davis, star of the Army squad, may play Saturday against Sampson Naval Training at West Point after all.

Col. Meade Wildrick, public relations officer, said today that Davis might qualify by overcoming a classroom deficiency in math.

We know . . . because we fought for the same thing back in 1917-18.

Some folks are trying to tell us you are fighting this war only for the chance to come back to a country that appreciates modern plumbing and knows how to make real ice cream . . . where you can stuff yourself with hot dogs . . . corn on the cob . . . and thick, juicy steaks from corn-fed steers . . . They would have us believe you lie awake nights praying for that juke box in the corner drug store at home . . . and a girl friend who squeals with delight when a hot band gets in the groove.

There's nothing wrong with pretty girls, hot dogs and swing bands. We yearned for 'em, too! But we veterans of yesterday know soldiers don't talk much about what they feel inside.

We think you're fighting this war for a luxury more precious than personal comforts . . . the luxury of knowing that neither your kid brothers at home . . . nor maybe your own kids 25 years from now . . . will be forced to face the risks and frightfulness of another World War.

We're not trying to tell you this is another of those "wars to end wars." But you must agree we've got a great chance to give the buck-toothed Japs and the goose-stepping Nazis a lesson they won't forget for a couple of hundred years.

We're pretty sure that's what you're really fighting for . . . a peace legacy for your kids and other people's kids . . . and that you don't want to come home until the job's done.

That's why we members of the Veterans of Foreign Wars of the United States are trying to back you up 100 per cent. Not only with our efforts on the home front . . . buy-

ing bonds, building planes, making munitions and saving scrap . . . but in making sure that America will be the kind of country you want it to be when you get back.

That sounds like a big order but we're happy to report that we're making progress. Our government is already pledged to give your disabled comrades, and their dependents, the same pension, compensation and hospital benefits which have been available to veterans of other wars.

We have asked Congress to give you some folding money when you're ready to come home . . . at least enough to buy some civilian clothes and maybe let you loaf a few weeks. Maybe six months' pay or even more.

On top of this, things are being done to make sure you will have the security of a steady job after the war . . . an opportunity to use your energy and ambition to better yourself if you have what it takes in guts and common sense.

We have a hunch that's your idea of freedom from fear and want . . . and it's our idea, too.

That's the idea which has made America great and strong in the past. It's bound to do the same in the future.

We salute you . . . we who represent America's overseas veterans of other wars . . . for the glorious deeds you have already accomplished on the fields of battle.

You are making us doubly proud of the Service Ribbons we earned the right to wear as overseas veterans in the wars of yesterday.

We know your courage makes you unbeatable. We know that you will finish the job we tackled in the first World War . . . with honor and glory to yourself and to the Flag that leads you to victory.

Good luck . . . and God bless you!

To The Men Serving Overseas

When you left the shores of your homeland you became eligible to membership in the only veteran association that is composed exclusively of America's overseas veterans.

When you return home . . . the Cross of Malta emblem in your coat lapel will symbolize the official Service Ribbon Bar authorized by the War Department for those who serve beyond the continental limits of our country.

The Cross of Malta emblem of the Veterans of Foreign Wars of the United States . . . like the Service Ribbon Bar you are now entitled to wear . . . is a decoration of distinction you will always be proud to display.

We will be proud to add your name to our membership roster while you are still in active service. Just fill out and mail the coupon below for full details:

HORSE HITS AUTO

BELLEFONTAINE, O.—(INS)—The old adage of "It's news when a man bites a dog" found a rival in Bellefontaine recently. This time it was "Horse hits automobile." The horse and wagon of Truman Galloway, while being driven down a steep Bellefontaine street, got out of control. The wagon struck a parked car. Result—auto badly damaged, horse and driver uninjured.

"STAGGER" TO SCHOOL

PITTSBURGH—(INS)—Pittsburgh school children are "staggering" to school every morning, but it's nothing for the temperance leagues to worry about. In an effort to relieve traffic congestion in the morning when thousands of war workers ride the street cars and buses to work, the better traffic committee has sponsored a system of staggering, or spacing, school hours.

CONTINUE MOVE FOR MILK BOOST

Governor Edward Martin Continues Effort To Secure Milk Price Increase

HARRISBURG, Nov. 11.—(INS)—The state continued its fight today to increase milk prices as Gov. Edward Martin called upon Economic Stabilization Director Fred M. Vinson for an "immediate hearing" to re-emphasize the plight of the industry in Pennsylvania.

Undaunted by the Office of Price Administration's second refusal to approve the milk control commission's order for an increase of two to three cents a quart which would net producers 90 cents per hundred-weight throughout the state, except in Philadelphia, the governor declared that "production of milk has become grave and is growing intolerable."

In telegrams to Vinson, War Food Administrator Marvin Jones, and Chester A. Bowles, director of the Office of Price Administration, he declared that the 40-cent federal subsidy granted to producers in lieu of price increases has caused "active and widespread resentment."

"Production is falling with the certainty that unless immediate action is taken, the milk supply will be gravely reduced in 1944," he warned. Secretary of Agriculture Miles Horst reported production dropped eight per cent since last month chiefly due to low prices received by farmers.

Governor Martin said he was requesting the hearing "in behalf of millions of our consumers, including hundreds of thousands of children and tens of thousands of producers and in behalf of the war production effort."

He stated that Secretary of Agriculture Miles Horst, Milk Control Commission Chairman John M. McKee, Attorney General James H. Duff, and Secretary of Internal Affairs William S. Livingston, Jr., would sit in at the hearing with him.

The chief executive also sent telegrams to the governors of 11 states.

"Knowing that conditions are similar in your state I am advising you of Pennsylvania's action," he advised them. The states were Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Delaware, Maryland, and Virginia.

No Special Gas For Trip South

So you're going to Florida for a winter vacation? That's well, but if you have any ideas of driving down you can skip the whole thing. There will be no special gasoline rations issued for trips to Florida according to Executive Secretary J. Lee McFate of the War Price and Rationing Board and that goes regardless if you are going for health, pleasure or a visit to the youngster who is in camp there.

A directive has been received in the local WPRB which prohibits the issuance of any special ration cards for trips to Florida or any other more favorable climate. A physician's certificate certifying that you must go to Florida for your health has no effect. There just won't be any special gas rations issued for traveling to the warmer states.

Boards are instructed to refuse all applications for such special gasoline applications. If you are going to Florida, Mississippi, or California you will have to go by train, plane or bus.

October Proves Cool, Wet Month

Statistics Reveal Deficiency In Temperature And Excess Of Precipitation

October weather showed a departure from the normal, the temperature being 1.4 degrees below the daily average, while the amount of rainfall was .40 inches above the normal.

The figures show the mean maximum was 63.2 degrees, the mean minimum, 38.7 degrees, and the mean, 51. This was 1.4 degrees below normal. The highest temperature was 81 degrees on October 12, and the lowest was 28 degrees on the 21st. There were five days the precipitation stood at 32 or below during the month.

The rainfall amounted to 3.20 inches, .40 inches over the normal amount, with the greatest in 24 hours being 1.50 inches on the 16th. There were four days with 25 inches or more of precipitation, and 12 days, when 91 inches or more were registered. Days clear were 13, partly cloudy 7, cloudy 11. Traces of snowfall were noticed.

October of 1942 showed a daily average of 2.5 degrees above the normal and the precipitation was 1.35 inches above the normal.

Good news for kids. The Army has found a way to teach illiterates reading, riting and rithmetic in nineteen ordinary school days.

TO INDUCE FATHERS
PITTSBURGH, Nov. 11.—(INS)—More than 3,000 Per-Pearl Harbor fathers were warned today to expect induction into the Armed Services in Allegheny County in December.

Stepping-up of the month's quotas surprised members of local selective boards, who had expected low calls because of the Christmas season. The November induction of fathers had been far below that authorized.

WILL ANNOUNCE LIQUOR PLANS

Liquor Control Board To Announce Procedure For Proposed Rationing

By TONY ZECCA

(I. N. Staff Correspondent)
HARRISBURG, Nov. 11.—(INS)—Pennsylvania's 4,000,000 liquor consumers will learn today just how, when, and how much whiskey they can buy at state stores when rationing goes into effect.

Fred T. Gelder, chairman of the Liquor Control Board, said he would announce the procedure late this afternoon at a news conference "to end all the conjecturing and predictions."

Simultaneously, the board was expected to launch a campaign against black market operators to discourage bootleg sales of rationed stocks at high prices. The board employees approximately 175 enforcement agents who work in cooperation with state and local police.

The board, in effect, has surrendered to public clamoring for rationing as a means for more equitable distributing liquor. Gov. Edward Martin early this week announced that rationing had been decided upon to satisfy the public. It will be instituted before the holidays, he said.

Westminster Dinner Planned November 16

Former Students And Spouses To Meet In Epworth Methodist Church

Former students of Westminster college will gather for a reunion dinner Tuesday evening, November 16 in the Epworth Methodist church it was announced today by Rev. J. Calvin Rose. Attorney Luther Braham of Butler county will be the speaker of the evening and will speak upon "Four Things To Remember."

The reunion dinner is for every person who ever attended Westminster, whether or not they graduated. Wives or husbands of former students are included in the group. Those interested in attending are asked to call Mrs. Robert A. Weingartner, Mrs. Edson Rummel or Rev. Rose by Friday noon.

AIR RAID DRILL MAY OCCUR HERE

Most any night or any day now, there will be an air raid drill and blackout in New Castle, along with the rest of the state. The State Office of Civilian Defense has announced that a surprise air raid and blackout are planned for this month which means sometime between now and the night of November 30.

The last blackout was on September 27 and the last daytime alert was on September 16. You can be prepared for it this month which means leaving all lights out at your home if you go out for the evening. And being ready to blackout your home when the test comes.

EDENBURG
WOMAN'S SERVICE MEETING
The Woman's Society of Christian Service of the Methodist church met at the home of Mrs. Jack Sedgwick of the North Side, Wednesday evening with Mrs. Roy Raub, associate hostess. Devotions were led by Mrs. Frank Usselson with Mrs. Roy Unangst in charge of the program. Rev. Everett Spring gave a report of the Christian flag society is purchasing and Mrs. Sedgwick gave a report of the service flag she is making for the church. The president, Mrs. Roy Raub, appointed a committee for the Christmas dinner to be held in the church December 8.

Mrs. Ray Biddle is chairlady of the boxes to be packed at the home of Mrs. Roy Raub Monday evening, November 29, for the service boys of the church in the states. Rev. Spring gave a report of the last chapter of the city book which was very interesting. Delicious refreshments were served by the hostesses assisted by Miss Roberta Sedgwick and Miss Robinson.

EDENBURG NOTES
The Woman's Society of Christian Service will present a thank offering program in the church Sunday evening at 7:45 o'clock.

Mr. and Mrs. William Carl of Columbiana, O. Mrs. Brown and son, Clark Brown, of New Castle were Sunday evening dinner guests at the home of Mr. and Mrs. Robert Hammers.

CLAIMS REWARDS
PITTSBURGH, Nov. 11.—(INS)—Mrs. Lucy Trelio, whose tip led to the killing of Matthew Kozera, slayer of a county detective, on Wednesday claimed a \$5,000 reward offered by Allegheny County. Previously she had collected a \$1,000 war bond offered as a reward by the Pittsburgh Sun-Telegraph.

Relief At Last For Your Cough

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take chances with your health. The less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. Greek-American Women Grateful

Local Society Appreciative Of Fine Response To Appeal For Clothing
Members of the ladies' society, Philophos, of the Greek Orthodox church, through their president, Mrs. Theano Vlahon, today expressed their gratitude for the splendid response received from the public here for donations of clothing for the suffering people of their homeland.
The appeal was made to a real humanitarian and Christian public. Mrs. Vlahon states, and the results were virtually amazing. The work will continue, she said, until the suffering victims of the aggressors are clothed and fed.
The work here has been carried out under the direction of Mrs. Vlahon, the president; Mrs. Papazekou, secretary, and their aides, Irene Paputsaki, Mrs. J. Passus, Mrs. G. Karides, Mrs. A. Apostolou, Mrs. Peter Anderson, Mrs. Christos, Mrs. Licogianni, Mrs. M. Economides, Mrs. G. Giacomakis, Mrs. S. Varda and Mrs. T. Zabanis.
To date these ladies have collected and sent to the national headquarters 6,500 garments, and many more remain to be collected from the various schools and churches.
